

Chinese Reds Trap U.S. Marines On Two Key Korea Outposts

By GEORGE MCARTHUR
SEOUL (AP) — Recklessly-attacking Chinese engulfed two vital Western Front outposts defended by U. S. Marines Sunday night and the first Leatherneck survivors staggered back to Allied lines today.

In their last act before their radio went dead, the trapped Marines — back in the battle lines only three weeks — called in their own artillery on top of them in a desperate effort to halt the violent onslaught.

Shells Rip Trenches

The number of Marines in the battle was not immediately released.

Fourteen Leathernecks of the 1st Marine Division, were the first known survivors of the bloody battles for Outposts East Berlin and Berlin, part of a key hill area on the Western Front.

Fatigued and wan, they staggered back into Marine lines. Eight were from Outpost Berlin and six from East Berlin.

How they got out was not learned immediately.

It was assumed they worked their way down the bloodied slopes after the Reds left the hill during daylight.

They said more Marines may

still be alive in the battered bunkers and shell-ripped trenches on the outposts.

Bombs Pound Hills

The survivors described the hills as a battle-torn no man's land. They said no Chinese were left atop the outposts, which were plastered by savage Red and Allied artillery fire during the 1,500-man Red assault.

Allied fighter-bombers and Marine guns pounded the hills recklessly, but there was no immediate message to retake them.

The 5th Air Force said its planes — taking advantage of hot, clear weather — slammed 500,000 pounds of bombs at Communist frontlines from the Berlin outposts to the Kumsong Front in the East.

Sabre jets in their dual role as fighter-bombers, Australian Meteor jets, and Marine planes pummeled other Red targets deep in North Korea.

Meanwhile, the 8th Army said the Communists lost 6,290 killed and 1,260 wounded across the front Sunday mostly on the turbulent East-Central Front, where the Reds last week hurled their biggest offensive in two years. The figure may have included some delayed reports.

Democrat Asks Powers To Halt McCarthy Quiz

By JOHN CHADWICK
WASHINGTON (AP) — Sen. Monroney (D-Oklahoma) proposed today that the Senate arm itself with authority to force a quick halt to investigations undertaken by its committees.

Monroney, ready to introduce an amendment to the rules at the start of today's Senate session, said his proposal was prompted by the activities of Sen. McCarthy (R-Wis.) and his Senate investigations subcommittee.

Cause Of Criticism

"His committee is one causing the greatest amount of criticism to be heaped on the Senate," said Monroney, who last week took the Senate floor to assail McCarthy's avowed intention to subpoena officials of the Central Intelligence Agency.

Monroney said the projected probe of the supersecret intelligence agency was "the straw that broke the camel's back" and led him to draw up a proposed change in the Senate's rules.

Under his proposal, the Senate by majority vote could halt investigations by its committees just as it can now discharge committees from further consideration of legislation.

Revolt Continues

The proposed amendment to the rules, before becoming effective, would have to clear the Rules Committee headed by Sen. Jenner (R-Ind.) and then win the approval of the Senate itself.

Verbal sparring continued, meanwhile, between McCarthy and the three Democrats who resigned from his subcommittee July 10 in a revolt against what they called one-man rule. The GOP majority had voted to give McCarthy sole power to hire and fire staff members.

McCarthy last week wrote each of the Democrats saying, "The door is open for your return." In separate letters made public Saturday night, the Democrats-Senators McClellan of Arkansas, Symington of Missouri and Henry Jackson of Washington — wrote him they had seen nothing to indicate any change of attitude on his part that would justify them in rejoining the subcommittee.

McCarthy, on an NBC television program Sunday, said the Democrats had raised a "phony issue" and actually feared their political futures would be jeopardized if they had a hand in what he termed exposure by his group of graft and corruption in the Truman administration.

More than 2,000 persons stranded on rooftops or trapped in flooded homes were plucked to safety by rescue teams searching the swirling waters.

U. S. Air Force planes crisscrossed the flood scene, dropping tons of food to stranded persons, while Japanese ships and ground forces scoured the area for survivors.

Stranded On Roofs

National police headquarters here re-estimated the toll at 273 dead, 433 injured and 2,033 missing.

Earlier, police said more than 6,000 were dead or missing, but a spokesman reported later those totals listed many duplications caused by chaotic communications.

Thousands worked during the night to plug gaps at river dikes with sandbags.

Trapped In Sleep

The rains stopped Sunday after two days of cloudbursts sent three mountain streams thundering down narrow valleys.

Flash floods hit valley villages — some before sleeping residents could flee.

Although skies began to clear and the rivers to recede on central Honshu, new rains hit in the Tokyo area and the rivers there rose again.

Medical Examiner Herbert N. Blanchard pronounced death due to a heart attack. Members of Tobin's family said the ex-secretary of labor had known for 18 months that he suffered a heart condition but never slowed his pace.

It was reported in Boston, where Tobin lived, that he planned to run as Democratic candidate for governor in next year's election.

In Independence, Mo., former President Harry Truman said:

"He was a fine man. He was a great mayor of Boston, a great governor of Massachusetts and he made one of the best secretaries of labor the country ever had. I'm shocked. The country is losing a very great man and I hate to see this happen. His family has all my sympathy."

Tobin served in Truman's Cabinet for four years and five months, beginning in August 1948.

Funeral services will be held Wednesday.

Allies Stop Selling Strategic Goods To Red Chinese Regime

WASHINGTON (AP) — America's allies have stopped selling strategic goods to Red China, Harold E. Stassen says, but are continuing to trade in other items because their economic interests are different than ours.

This was the answer of the foreign aid director Sunday when asked, on a television program, about a Senate report criticizing Western trade with the Chinese Communists.

Terming the China trade issue "very complex question," Stassen said the U. S. view is that all such commerce should be banned. But if this country insists on its allies breaking off all trade, he said, some of them would be in a position to ask:

"Where do we trade? How do we stay alive economically?"

Wife Starts Her Suit For Divorce 10 Times

LOS ANGELES (AP) — For the 10th time since 1940 Susan B. Harshman, 62, has filed suit for divorce from Harry T. Harshman, also 62, a retired real estate broker.

Her latest petition accuses Harshman of striking her, knocking out her teeth, scratching her, threatening to kill her, kicking her.

The Harshmans were married Feb. 29, 1940. She filed her first divorce suit the following October, then dismissed it.

She since has filed — and dropped — divorce actions in 1942, 1943, 1944, 1945, 1946, 1947, 1950 and 1952.

Armistice Appears Near At Hand In Korean War

HUGE SUPERCARRIER GROWS — Covered by a framework of steel girders and hovering derricks, the keel of the controversial U. S. S. Forrestal, started on July 14, is making rapid progress. The giant aircraft carrier, named in honor of the late Navy Secretary, James Forrestal, is shown under construction at Newport News, Va.

Cease-Fire Terms Will Leave ROKs To Fight On Alone

PANMUNJOM (AP) — A partial record of the secret Korean armistice negotiations shows that the Republic of Korea Army would have to fight all alone if it violates the truce which apparently is imminent.

The Communist delegation, breaking temporarily the news blackout on the talks, cited Sunday 10 Allied pledges made to the Reds that the armistice agreement will be kept.

7. That the U. N. Command will protect all personnel of North Korea, Chinese and neutral nation representatives who enter South Korea to supervise armistice terms.

8. That the U. N. Command will "to the limits of its ability" see that armistice terms are observed.

(On this point, the Reds quoted a letter from Gen. Mark W. Clark, U. N. Commander, June 29.)

9. That the U. N. Command bears "unrelievable responsibility" to recover the 27,000 North Korean war prisoners released by the South Korean government "that it will not obstruct in any manner the implementation of terms of the draft armistice agreement."

2. That ROK forces will withdraw "from the buffer zone after the armistice signing."

3. That the U. N. Command will not support "any aggressive action of units of the Republic of Korea Army in violation of an armistice."

4. That the U. N. Command will observe the truce if the ROKs begin aggressive action and the Communists take action to resist.

5. That the U. N. Command will not give any support to South Korea, including equipment and supplies, if the ROKs took aggressive action and the Reds fought back.

6. That there "is no time limit

Water Pollution Sites Inspected

LANSING (AP) — The State Water Resources Commission will consider a group of Upper Peninsula pollution problems at a meeting in Houghton July 30 and 31.

Appearances are scheduled from the cities of Marquette, Negaunee, Ishpeming, Iron River, Stambaugh, Iron Mountain, Kingsford, Munising, Manistique, Sault Ste. Marie, L'Anse, Ontonagon and Bergland, Ironwood, Wakefield, Norway and Vulcan.

The commission said it might inspect the Calumet and Hecla Co. Mine dewatering operation, the waste plant of the Stella Cheese Co., at Baltic, various sites in the Houghton-Hancock area and the Marquette sewage treatment plant.

The commission said it might inspect the Calumet and Hecla Co. Mine dewatering operation, the waste plant of the Stella Cheese Co., at Baltic, various sites in the Houghton-Hancock area and the Marquette sewage treatment plant.

Some time later he stepped up to the house sergeant and registered a complaint. Another member of the audience had picked his pocket. Paine's wallet and \$25 were missing.

He latest petition accuses Harshman of striking her, knocking out her teeth, scratching her, threatening to kill her, kicking her.

The Harshmans were married Feb. 29, 1940. She filed her first divorce suit the following October, then dismissed it.

She since has filed — and dropped — divorce actions in 1942, 1943, 1944, 1945, 1946, 1947, 1950 and 1952.

Thirst Kills Five

CAIRO (AP) — Reports reached Cairo today that a family of five, including three small children, died from thirst in the desert 30 miles south of Aswan. Around the bodies were found three dead goats, a dead donkey and 12 empty water bottles.

It isn't as hard to stop on a dime these days as it is to go somewhere on it.

Communists Say They Are Ready To Sign Truce

By ROBERT B. TUCKMAN
PANMUNJOM (AP) — Teams of Allied and Communist officers — including for the first time the men who would oversee a cease-fire — worked in nine secret sessions today on the final details of a Korean armistice.

Two staff officer sessions were set for 9 a. m. Tuesday (7 p. m. Monday, CST).

Peace Hut Built

The Reds, meanwhile, put the finishing touches on a large hut to be used for signing the historic document which would end the three years of fighting.

There was no official indication just when the armistice would be signed, but some observers said it could be within a week. Fighting would end 12 hours after the signing.

A month-long deadlock in the negotiations was broken with a Communist announcement Sunday that the Reds were ready to prepare for the signing.

Three U. S. members of the Military Armistice Commission flew here unexpectedly for the first time and met for 1 hour, 50 minutes with Communist members of the commission.

The commission, composed of top officers from the opposing armies, would control the buffer zone between the two forces.

Optimism Increased

The Red and Allied commission members discussed "suggested arrangements which they (the Reds) will consider and probably come back with their proposal," said said Navy Capt. B. M. Coleman, McLean, Va., one of the U. S. members. Another meeting was planned, but no time was given.

7. That the U. N. Command will protect all personnel of North Korea, Chinese and neutral nation representatives who enter South Korea to supervise armistice terms.

8. That the U. N. Command will "to the limits of its ability" see that armistice terms are observed.

(On this point, the Reds quoted a letter from Gen. Mark W. Clark, U. N. Commander, June 29.)

9. That the U. N. Command bears "unrelievable responsibility" to recover the 27,000 North Korean war prisoners released by the South Korean government; the Reds noted that Clark

Norman Hansen Takes New Job

Norman Hansen, 613 S. 17th St., division superintendent for Northland Greyhound Lines at Escanaba for the past nine years, has been promoted to regional manager of Region 4 with headquarters in Fargo, N. D., it has been announced.

Hansen will report to Fargo for his new assignment Friday, July 24. He will be succeeded as division superintendent here by William E. Wagner, now chief dispatcher at Milwaukee. Mr. Wagner will take over his new assignment about Aug. 1.

Region 4 of Northland Greyhound comprises North Dakota, Montana and part of Canada to Winnipeg. Hansen has been with the Greyhound Lines for 19 years, nine years as a driver and 10 years in the administrative branch of the service. He came to Escanaba from Stevens Point, Wis., nine years ago.

Michigan Gains In Fight On TB

LANSING (AP)—Michigan is gaining on the white plague, tuberculosis, but is far from defeating it.

That is the report today of the Michigan Tuberculosis Association, which released a survey of the state's TB problem.

In a forward, Dr. Albert E. Heustis, state health commissioner, said "The sharp reduction in tuberculosis deaths, currently an all-time low, is encouraging. Looking beyond death rates to the facts and figures on cases, we find no cause to think that tuberculosis is under control."

Danger of Complacency

"We see no reduction in the number of new cases reported. We see that more than two-thirds of the patients entering our Michigan sanatoriums have advanced disease. The good news in the decline in death rates conceals a danger, the danger of complacency."

The association reported:

For 50 years the TB death rate in Michigan has been downward. The rate of 31.7 deaths per 100,000 population in 1941 fell to 17.1 in 1951, and provisional figures for 1952 put the rate at 11.6 per cent. For the first time in Michigan, TB has dropped out of the 10 leading causes of deaths.

The trend of case rates has also been downward since 1938, but not so sharply. In 10 years, case rates have fallen from 98.8 per 100,000 in 1941 to 93.9 in 1951, a decrease of only five per cent.

Probably because of intensified case finding methods and a population growth, the actual number of cases in Michigan remains about static—6,132 in 1931 and 6,144 in 1951, with 6,215 provisionally counted for 1952.

Peninsula Rate High

Wayne County is the state's worst TB area. With 38 per cent of the Michigan population, that county had 64 per cent of the deaths in 1951 and 67 per cent of the cases.

Michigan's No. 2 trouble spot is the Upper Peninsula, especially the west end. The northern peninsula's death rate is 24.9 compared to nine for the rest of the state outside Detroit and its case rate is 74 per cent compared to 47.6 outside Detroit.

But in the Upper Peninsula, the rate has dropped more than 40 per cent in five years while the new case rate has fallen in the same period.

There are 4,766 persons in Michigan TB hospitals, plus about 800 in mental and penal institutions with TB.

About a fourth of the state's tubercular population is among non-whites, who make up only seven per cent of Michigan's population. The case rate among non-whites is four times as high as for whites.

RUMBLE SEATS

Rumble seats are so called because, in olden times when coaches were used, servants rode on the open back seat of the vehicle, which rumbled constantly while the coach was in motion.

Norman Hansen

Operating Engineers Present \$1400 "Lung" To City Of Escanaba

The International Union of Operating Engineers, Local 324, this afternoon presented a \$1400 portable iron lung to the City of Escanaba, one of 37 such units presented this year to communities by the international union.

The presentation was made by Albert Ashenden, Detroit, union president, to local officials in the Escanaba office of the union. 716 Ludington St. Union officials attending in addition to Mr. Ashenden were Louis Behnisch, Detroit, financial secretary, and William G. Morrow, Escanaba, business representative for the union in the northern part of the state. Local officials were Mayor Robert LeMore, Sheriff Wm. Miron, City Manager A. V. Aronson, City Attorney Denis McGinn, and Safety Director Glen Leonard.

The portable Mullikin iron lung is completely equipped with three different size chest pieces and a baby attachment, as well as an attachment to permit the operation of the unit from any six-volt or 12-volt battery. The total cost of the unit, paid entirely by the union, is \$1409.30.

Weights Only 86 Pounds

The mechanical lung weighs only 86 pounds and the chest pieces are not iron, but aluminum. It is an essential piece of equipment in caring for polio cases in which the victim's breathing muscles are paralyzed, but it also can be used in drownings, suffocations, electrocutions, heart trouble and other cases where artificial respiration is required. Power can be provided by an automobile battery.

Under the arrangement made by the International Union of Operating Engineers with the manufacturers of the mechanical lung, the City of Escanaba will have available as many as five mechanical lungs to meet a polio outbreak in this area.

When the mechanical lung is put into use on a polio case, a second lung will be provided to the city on a loaner basis without cost. As many as five mechanical lungs will be provided by the manufacturer if the need develops locally.

Also, if the mechanical lung is used on a polio case where the need continues for artificial respiration over a longer period of time than the two-year guarantee for the unit, the company agrees to provide without additional cost mechanical lungs for the lifetime of the polio victim or as long as the need continues.

Authorized by Membership

In making the presentation to the City of Escanaba, President Ashenden said in part:

"We have a branch office located in your city and when our executive board met three weeks ago,

separated in boyhood in 1906—47 years ago.

The joyful reunion brought together Joseph Vercella, 70, of 205 West Houghitt, and Camal Borgis, 63, who now resides in Cleveland, Ohio. The two men, who only vaguely remembered each other as youngsters, almost had to be reintroduced to each other when they met here.

Mrs. Topel attended Lawrence college at Appleton, and taught school in Shawano county for over 25 years.

MARQUETTE—Marquette county will take on the aspects of a sort of international settlement next week when 41 students from 17 foreign countries will arrive to spend a three-day visit.

In the first experiment of its type set up under the Point-4 Program for foreign junior technicians and conducted under the auspices of Michigan State College, the students are touring Northern Wisconsin and the Upper Peninsula to obtain closeup of how Americans live, work and play.

IRON MOUNTAIN—Two men who as boys were playmates in their native village of Bruzolo, Italy, were reunited here this week for the first time since they

Sound's unbelievable yet it's true! Think of it—ALL THE POWER YOU NEED IN A EAR AGAIN from a single, tiny "energy capsule!" Maico's astounding new TRANSIST-EAR is actually operated entirely by a single energy capsule, smaller in diameter than a pencil and only a trifle thicker. What's more, this new TRANSIST-EAR is so extremely light and tiny you can tuck it out of sight most anywhere. May be worn as a tie clasp... or concealed in a woman's hair.

County's Soil Hurt By Rains

Beating spring rains have dealt a heavy blow to the agricultural soils of Delta County, according to Irwin TenHaken, soil conservationist for the Delta County Soil Conservation District.

With a total of 7.91 inches of rainfall during the month of June as measured by the Escanaba office of the United States Weather Bureau, fields of grain, potatoes, and corn have been severely eroded in some instances.

"It has always been our policy to serve all communities in which we operate. Therefore it was recommended by the board and unanimously passed by the members at our regular meeting in Detroit to purchase an iron lung and present it to the City of Escanaba to be used by all city and county departments as deemed necessary.

"In case of an emergency and the present lung is in use and cannot be released, we wish to have the city contact William G. Morrow at our branch office immediately and another lung will be made available at no charge.

"If it only saves one life, the board and the membership of Local 324 will feel that it has been a good investment."

AFL unions have donated more than 1,000 iron lungs to cities throughout the United States, William Mullikin, manufacturer, said here.

Assault Suspect Still Being Sought

IRON MOUNTAIN—Frank Pipp, Iron Mountain police chief, and Albert Schupp, night sergeant of police, returned Saturday from Sheboygan, Wis., with the car which Lawrence Robare, 18-year-old Ishpeming youth, is charged with having taken from the residence of Mrs. Rose Anna Bergstrom, 69, 512 West D street.

Mrs. Bergstrom continues to improve in the Memorial Hospital after a severe beating, last Saturday night, at her home, which Robare is charged with having inflicted.

The car was placed in an Iron Mountain garage, where Chief Pipp, planned today to make a thorough inspection. The interior was reportedly splattered with bloodstains when it was found, last Tuesday night, parked on a street in Sheboygan. Since then, also, no trace of Robare has been found.

6 Liquor Cases Are Heard Here

Three liquor law violation cases scheduled for hearing here this morning were postponed at the request of counsel for the defendants but the remaining six cases were heard by officials of the Michigan Liquor Control Commission.

Cases postponed were Paul and Helene LaPorte, Escanaba, selling liquor for consideration other than cash, and selling spirits for consumption off premises; Irene Johnson Brodd, Escanaba allowing premises to be occupied by patrons after legal closing hour; and Thomas Finn, Escanaba, selling to a minor.

Cases that were heard follow:

Jean Stewart, Garden; selling to a minor.

William J. King, Escanaba; selling or serving minors; allowing a minor to consume.

Robert Oswald, Menominee; allowing premises to be occupied by patrons after legal closing hour. (Two violations.)

Otto Grassl Jr. and Irvin Grassl, Menominee; allowing a minor under 18 to sell or serve beer or other beverages on licensed premises.

Austin J. and Marvin Pouliot, Rte. 1, Gladstone; selling or serving a minor; allowing a minor to consume.

Carl A. Elchroth, Menominee; selling or serving minor; allowing a minor to consume.

Officers conducting the hearings were Frank Szymanski, examiner; Wilbur DeYoung, assistant attorney general; and Miss Audrey Miller, stenographer.

Billy Graham Film Shown Tomorrow At Junior High

"Oil Town U. S. A." a Billy Graham film, will be shown at the William Oliver Memorial Auditorium on Tuesday, July 21, at 7:45 p.m. The film is being sponsored by the Delta County Youths for Christ.

Colleen Townsend, named in 1951 as one of the ten most beautiful women in America, and who gave up a promising film career, plays the leading female role.

Other members of the cast are Georgia Lee, who has her own TV program, "The Georgia Lee Show"; Ralph Hoopes, motion picture, radio and TV star; Paul Power, assistant pastor of the Hollywood Lutheran Church; Robert Clarke, a former Broadway, Hollywood and TV star, and Redd Harper and Cindy Walker, stars of "Mr. Texas," another Billy Graham film.

Charter Commission Meets Here Tuesday

The Escanaba Charter Revision Commission meets in city hall Tuesday night beginning at 7:30 p.m.

The commission, with Carl Sawyer as chairman, will discuss proposed chapters on municipal powers, organization of government, supervisors and elections.

The commission began meetings here in April.

The revised city charter will be presented for a vote of the electorate at a special election this fall.

Obituary

JOSEPH F. PRYAL

Funeral services for Joseph F. Pryal, prominent in civic and fraternal activities here for many years, were held at a solemn requiem high mass at 9 a.m. today at St. Patrick's Church. The Rt. Rev. Msgr. Martin B. Melican was celebrant, Father Francis A. Hollebach, deacon, and F her Thomas Andary of St. Charles Church, Rapid River, sub-deacon. Agent for the R. L. Polk company, said here today.

Fuller is in the city to handle sales and advertising business for the directory publishers. Members of the Brotherhood of Railroad Trainmen formed an honorary escort and were active pallbearers. In the former group were J. E. Brown, Charles Lantz, Grover Lewis, Arthur Powers, Edward A. Cox and M. L. LaPlante. The active pallbearers were Lawrence Shanahan, William Daniels, Robert Heminger, Theodore Menard, Peter LaFave and J. J. Piron.

Those attending the rites included Mr. and Mrs. William Moore and Mr. and Mrs. James Pryal of Gross Pointe, Miss Nan Pryal and Francis Pryal, Milwaukee, and Mrs. William Roland, Oconto, Wis., Mrs. Rosa Dugan, Chardon, Neb., and Mr. and Mrs. William Hickey of Fond du Lac.

MRS. M. J. HEATH

Funeral services for Mrs. M. J. Heath were held at a solemn high mass at 10 a.m. today at St. Patrick's Church. Father Francis A. Hollenbach was celebrant, Father Clifford Nadeau, deacon, Father Thomas Andary, sub-deacon, and the Rt. Rev. Martin B. Melican delivered the sermon.

Pallbearers were Robert and Edward Olsen, Francis Sheppard Jr., Anthony Kobasic, Robert Molloy and Thomas Lancour. Those attending the rites included Charles E. Heath and Mr. and Mrs. Mel Jorgensen, Kenosha; Mr. and Mrs. W. K. Wesley and Mary, Joan and Billy Wesley, Green Bay; Miss Laura Elliott and Miss Helen Swaboda, Two Rivers, Wis.; Mr. and Mrs. Clifford Elliott, Iron Mountain; Miss Margaret Harrington, Detroit; Mr. and Mrs. George Christianson, Milwaukee; Mrs. James Butler, Appleton; Mrs. John Larsen, Neenah; Mr. and Mrs. Beulah Colburn, Green Bay; Kenneth Larsen and Mary Dell and Mrs. Delta Stone, Neenah; Mrs. George Villeneuve, Rick Villeneuve and Mr. and Mrs. Harry Miron, Ishpeming; Mrs. Robert Poupre, Mrs. Wayne Gillett and Charles Elliott, Iron Mountain; and Mr. and Mrs. James Baker and Mrs. H. W. Baker, Milwaukee.

Survey For New City Directory To Start Aug. 15

Survey work for the new 1953 Delta County directory will get underway here about Aug. 15, and the new directory will be ready for distribution about Dec. 1, John P. Fuller of Detroit, agent for the R. L. Polk company, said here today.

Fuller is in the city to handle sales and advertising business for the directory publishers.

The skeleton crew of five now is finishing up work in Ishpeming and Marquette, Fuller said. In each area local help is hired to assist the survey workers.

The directories are published every three years.

Building Permits Granted Here For Two New Houses

Two permits to build houses today were approved by City Engineer Loren Jenkins, the city clerk's office reports.

They were granted to Paul G. Townsend, 220 N. 13th St., for a 37 by 33 foot house at 1617 S. 17th Ave., in the Goulaus addition; and to Elmer Popper of 1218 N. 23rd St., for beginning work on a new house at 1218 N. 23rd St.

Rapid River School Board Elects Slate

RAPID RIVER — The Rapid River School Board, meeting Saturday night at the Richard Johnston farm, reelected all officers who served last year to the same positions for the coming year.

Elected during the special reorganization meeting were G. Sheldon Cobb, president; Fred Ames, secretary; Richard Johnston, treasurer; and Albert Wickham and Hugo Brannstrom, trustees.

The board authorized the purchase of two new school buses, each of which will carry 48 passengers. A bid was accepted from Northern Motor Co. for one Ford chassis and Superior body; and another from Hilding Norstrom for one International chassis with Wayne body.

Filling Overseas Jobs Is Headache For U. S. Firms

By SAM DAWSON

NEW YORK (AP) — Headache for many a firm today is finding the right man or woman for an overseas job—and making the job attractive enough to him and his family.

Turn-over is much more of a problem when it involves jobs in distant lands. At the same time, the man tapped for overseas assignment has many problems of his own, such as finding a home for his family abroad, shipping his household belongings and school and judge of the course.

Some Ship Furniture

How are American firms meeting these personal problems of their expatriate employees? The National Industrial Conference Board asked 37 of them.

Homes and furniture are the first problems. Shipping costs for all household effects are paid by 22 of the firms. One pays none of the cost, explaining that since their employees usually rotate among many posts, furniture shipping isn't practicable. Costs, within limits, are paid by the other 14.

Schooling Is Problem

Most of the 37 send employees to places where housing facilities are adequate. Some help with the rent where homes are hard to find or rents are abnormally high. Three furnish the housing. Eleven others do where housing is a problem, such as in field camps.

Sending the children to college is even more of a worry if you're working aboard. Sixteen of the 37 companies pay travel expenses to send employees' children to school in the United States, and all but 5 of them will also pay if the child chooses some other country.

Eight pay all or part of the tuition. Some pay only the difference between the cost of schooling in the United States and the nation where the employee is stationed. If the child away at school be-

Yachts Get Off To Slow Start

The 16th Annual Green Bay Cruising Race got under way this morning with five boats leaving the Escanaba Yacht Harbor on a slow start at 10 a.m.

Lack of a sailing breeze kept the yachts at almost a standstill as the boats put out on the first leg to Washington Island's Detroit Harbor.

At 11:45 the boats were still in sight with Venturon, owned by H. S. MacNeil of Chicago, leading. In second place was Lucky Star, only Escanaba boat sailing, owned by John Mitchell. Third was Cynoress IV, owned by Edward Douglas of Appleton, fourth was Chelsea May, owned by Dr. Blackwood of Milwaukee, and fifth was Halcyon, owned by Eric Jones of Menominee.

Second leg of the race will be the Detroit Harbor to Ephraim run on Tuesday. Wednesday the boats will make the third leg from Ephraim to Menominee and on Thursday the fourth leg will be sailed from Menominee to Sturgeon Bay.

Escanaba Yacht Club racing race trophies will be awarded on points at the conclusion of the final leg.

Don DeWitt, chairman of the Green Bay Yacht Racing Committee, will be general chairman and judge of the course.

Editorials—

Escanaba's Fingerprint Case Attracts Statewide Interest

ESCANABA'S fingerprint case is attracting considerable attention throughout Michigan and with good reason. The case vitally affects a law enforcement procedure that has been quite standardized in Michigan and elsewhere.

In this case Horace L. Cross of Escanaba filed suit against the Escanaba safety director, Glen Leonard, demanding return of Cross' fingerprints which were taken by the local police department when Cross was arrested on a misdemeanor charge.

The case took on added significance when Attorney General Millard reported in a legal opinion that law enforcement officers

may not take fingerprints of persons charged with offenses which can be tried by a justice of the peace.

Michigan law requires law enforcement officers to take fingerprints of persons arrested for felonies or for high misdemeanors. The standard practice of most law enforcement departments in Michigan, including the Escanaba Police Department, has been to take fingerprints of all persons arrested, whether for minor crimes or serious offenses.

The case is scheduled to be tried in Delta County Circuit Court. It is likely that the decision in the case in this court, whatever it may be, will be appealed to the Michigan Supreme Court because of the significance of the point at issue.

Local Farmers Aid Stricken Southwest

LAST year Delta County farmers came to the rescue of drought-stricken farmers in the southwest and shipped a number of cars of hay to the drought area. Livestock in those counties was threatened with a serious food shortage and an appeal was made to more fortunate farm areas to ship surplus hay to the southwest.

This year the same problem has risen again, with indications that the drought in the southwest is even more critical than it was a year ago. Once again a call has been issued for livestock food supplies from northern areas.

Delta County farmers undoubtedly will once more do their part to assist the farmers of the southwest. It is the neighborly thing to do and it is what you would expect of the Michigan farmers. But it is important to them and to us, too. It will help to save a cattle shortage and thereby serve to make more meat supplies available to the nation.

Power With Words

By Dr. C. E. Funk

antidisestablishmentarianism—Miss S. E. Milwaukee, Wis.—No, the dictionaries do not record this word. It was coined by a Dr. Benson merely to add four letters to an earlier coinage—**disestablishmentarianism**—of William Gladstone, meaning the policy of those advocating the disestablishment or breaking apart of the relationship between a state and its established church.

Later Angelo Torchia, Italian born who became an American citizen years ago but surrendered the privilege because fascinated by Mussolini and the Italy of 1938, filed a petition to regain the American citizenship he had given up.

Not so, said Judge Watson. Torchia's "heart is in Italy and his hands are in the United States." Great as is subversion in its peril, continued the judge, "a nation can be destroyed by lack of integrity and lack of patriotism."

And then the jurist repeated the words of Abraham Lincoln which should be indelible to us: "If this country is ever destroyed, it will not be from without, but it will be from within."

FOOD AND DRUGS (Detroit Free Press)

The Michigan Supreme Court has ruled that food merchants may sell medicinal supplies of a "nonprescription" nature. The decision went against druggists and the State Board of Pharmacy which tried to prevent such sales of patent medicines in super-markets.

This has elements of "what is sauce for the goose is sauce for the gander" justice. Drugstores have been dispensing everything from pills to pillows and elixir to electric trains.

Anyway, the Supreme Court's decision now makes things legally convenient for the public. A shopper can fill his grocery cart with all the things he shouldn't eat and all the things he should take to relieve the distress caused by ignoring his doctor's diet. Whether he does this in a drugstore or a supermarket is something for the individual to decide.

Questions and Answers

Q—How far back in American history does tariff sentiment extend?

A—Way back. To encourage his fellow-citizens to "buy American" and protect "infant industries," George Washington wore New England home-spun broadcloth at his first inauguration. (Later, President Jackson's wife wore a grass bonnet "as an evidence of the perfection which our domestic manufacturers may hereafter acquire, if properly fostered and protected," according to Old Hickory.) The second law ever passed by Congress was an import tariff act, designed primarily to raise revenue, not to protect American industry. The first protective tariff was enacted in 1828.

and—J. R. L., San Bernardino, Calif.—Practice varies in the writing of numerals above one hundred, but that recommended by the style manual of the U. S. Government Printing Office and followed by the majority of publishing houses is "One hundred and fifty," rather than "One hundred fifty."

The Doctor Says...

Endometriosis Operation Often, Not Always, Produces Sterility

By EDWIN P. JORDAN, M. D. — Written for NEA Services

Many ailments are common to both men and women, but today's first question is for women only.

Q—A friend and I are both facing prospective surgery for endometriosis and would like some information concerning cause, symptoms, extent of surgery, and prospect of having children afterwards.

Mrs. W.

A—Endometriosis refers to a condition in which the tissue lining of the womb (uterine mucosa) grows in some other place than the normal location. Several theories have been developed for the cause, but it is still uncertain.

Endometriosis does not produce any characteristic symptoms, though disturbances of the menstruation are often present. It is most common in women between the ages of 30 and 50. Since endometriosis often produces no symptoms whatever, it is frequently left alone, but it sometimes requires surgical removal, the exact nature of the operation depending on the location, the symptoms, and other factors.

It carries with it a fairly high incidence of sterility, though many women have been born with or after endometriosis.

Q—My son, who is now 16 months old, holds his breath to the extent that he becomes unconscious, his eyes roll upwards,

and at times his mouth will work and his body jerks spasmodically. Please tell me if these breath-holding sessions are serious?—Mrs. W. S.

A—This is a rather common condition which is believed to result from emotions like anger or excitement. It begins most often during the first year and usually disappears by the age of four or five.

Only rarely is it associated with epilepsy. Unless this is the result of some definite disease or bodily condition, it is generally considered best to ignore the individual attack but to try to remove the factors which cause them. Kindness and understanding are usually more effective than harshness or punishment. The outlook is good.

Q—Please say something about hyperventilation, or over-breathing.—Reader.

A—This question refers, I presume, to a common condition in which a person takes more and deeper breaths than are necessary. It results in over-saturation of oxygen in the blood.

It is the result, usually, of some intense emotional experience, and at the same time it occurs may even lead to unconsciousness. A person can hyperventilate or over-breathe voluntarily, and therefore this peculiar phenomenon is not considered to be a cause for alarm.

Q—My son, who is now 16 months old, holds his breath to the extent that he becomes unconscious, his eyes roll upwards,

Merry-Go-Round

By DREW PEARSON

(Editor's Note—Drew Pearson, who one month ago urged President Eisenhower to send surplus food to East Germany and who called the turn on Communist reaction today comes up with another idea for winning the cold war.)

WASHINGTON—Two years ago this summer, Harold Stassen, the present Mutual Security administrator, C. D. Jackson, now Ike's psychological warfare expert, and I were on the German border sending propaganda balloons into Czechoslovakia.

Large weather balloons, about four feet in diameter, stuffed with 3,000 leaflets each, were filled with hydrogen in a wheat field three miles from the border and floated up into Czechoslovakia. The winds—which in the upper altitudes always blow from west to east—we had timed in advance to drop the balloons into the chief cities of Prague and Pilsen between 6 a. m. and 8 a. m., when people were going to work.

By picking our nights and working most of the night with German civilian crews inflating the balloons, we were able to launch about 2,000 balloons a night; and over a two-week period we put about 11,000,000 leaflets into Czechoslovakia.

The leaflets carried merely a message of friendship. They told the Czechoslovak people that the people of the western world had not forgotten them and expressed the hope that eventually they might be free.

PREVENTING WAR

This was purely an experiment, and some officials in the State Department frowned on it. For over three years I had been urging that we get behind the Iron Curtain with this type of propaganda. The only way we could avoid war with Russia, I said, was to make sure of the people behind the Iron Curtain were our friends. If enough of them realized we were friendly, it would be difficult for them to fight in the first place and, in the second place, would cause trouble for the Red Army even if war did finally come.

General Omar Bradley heartily agreed.

But several State Department officials, with the exception of Ed Barrett, then assistant secretary of state in charge of propaganda, were opposed. They argued that we should not encourage restlessness behind the Iron Curtain until we were absolutely ready to fight the people.

However, the Czechoslovak experiment seemed to hit pay dirt. The American embassy reported that the freedom-friendship leaflets were tacked up on telegraph poles, put in the baggage racks of passenger trains, mimeographed, even surreptitiously placed on Communist bulletin boards. They swept over Czechoslovakia to such an extent that Premier Antonin Zapotocky made a speech on the floor of Parliament denouncing them, and the official Communist newspaper, *Torba*, carried a front-page cartoon showing Harry Truman releasing balloons.

Of course, Harry Truman had nothing to do with them. But the best way for the Communists to combat the balloons was to claim that they came from the U. S. government, not from private Americans, as was the case.

FOOD BALLOONS

I have no way of knowing whether the trial of vice-premier Rudolf Slansky and other Czech leaders, the riots in Pilsen, and the general restlessness in Czechoslovakia were encouraged by our freedom balloons or not. But I am convinced that now is the time to repeat the experiment—in a different way—in East Germany, perhaps later in Czechoslovakia, Poland, and other countries.

Anyway, the Supreme Court's decision now makes things legally convenient for the public. A shopper can fill his grocery cart with all the things he shouldn't eat and all the things he should take to relieve the distress caused by ignoring his doctor's diet. Whether he does this in a drugstore or a supermarket is something for the individual to decide.

It has already been demonstrated that President Eisenhower's offer of food has had terrific repercussions behind the Iron Curtain. We were a little slow in acting on this suggestion, but even so, Communist leaders behind the Iron Curtain have been boiling with rage ever since the offer was made.

And East Berliners have been crossing into West Berlin, as I predicted they would to get even the food sold them at cheap prices by suburban Mayor Willy Krassmann.

However, it seems to me the time has come to go one step further and send food packages into East Germany by balloon.

Many parts of East Germany are, of course, some distance from Berlin. Furthermore, the effect would be electrifying.

Food balloons are not too difficult to launch. The four-foot balloons we sent over Czechoslovakia carried three and a half pounds. A 10-20 foot balloon can carry 10 pounds. CARE, which has done a fine job of feeding a good part of Europe, already has several tons of packages in West Berlin. Furthermore they are already wrapped in waterproof material such as housewives use in their deep-freezes.

These packages sent over the border into East Germany by balloon at the rate of 1,000 a night, each balloon containing a message, not from the U. S. government, but from the American people, would have a tremendous effect on people behind the Iron Curtain.

A—This is a rather common condition which is believed to result from emotions like anger or excitement. It begins most often during the first year and usually disappears by the age of four or five.

Only rarely is it associated with epilepsy. Unless this is the result of some definite disease or bodily condition, it is generally considered best to ignore the individual attack but to try to remove the factors which cause them. Kindness and understanding are usually more effective than harshness or punishment. The outlook is good.

"Well, Don't Just Stand There—"

By DREW PEARSON

(Peter Edson, NEA columnist, will substitute for Clint Dunathan who is on vacation.)

Good Evening...

(Peter Edson, NEA columnist, will substitute for Clint Dunathan who is on vacation.)

By PETER EDSON

NEA Washington Correspondent

WASHINGTON—(NEA)—Confidential reports reaching Washington now indicate that many stories about uprisings against Communist authorities in Russian satellite countries have been greatly exaggerated.

The stories of strikes and riots in East Germany are fully confirmed by authoritative eye-witness accounts and admissions of the Communist-controlled East German newspapers themselves.

Reports from the satellite countries, however, are mostly attributed to refugees fleeing from rumored disturbances elsewhere.

Checks on some of the reported riots in Poland and Czechoslovakia have failed to produce confirmation. The United States has diplomatic missions in both these countries with direct access to some sources of information. They have verified first-hand that there was much grumbling over recent Czech currency revaluation and new price controls. But there have been no revolts against the Czech government yet. Reports of battles against Soviet tanks in Poland have likewise not been confirmed.

The government shake-up and reforms in Hungary were officially announced in Budapest and confirmed by American observers there. The United States has no missions in Bulgaria and Albania. But there have been no reports of serious trouble there, nor in Romania, where there is a U. S. diplomatic mission.

Washington officials see considerable danger in creating too much false confidence in this country that the Communist empire is breaking up.

NOW IT'S THE BUNNY HOP

What the Republicans have that the Democrats didn't have is—among other things—the Bunny Hop. This brand new dance hit is the rage with the Washington younger set under the new administration, according to capital society band leaders. The number calls for a conga chain kind of line-up.

Sidney, who batons for some of the capital's best debs, reports that when college students get going on the Bunny Hop at Chevy Chase country club, parents stop dancing to watch.

Meyer Davis, another socialite tunesmith and Jack Morton, who handles the down-beat at Congressional and Kenwood country clubs, confirm these statistics of the latest dance rage.

ANTITRUST MOVES

Believers in a much milder U. S. antitrust policy were delighted by Atty. Gen. Herbert Brownell's selection of the two men to head his new National Committee to Study the Antitrust Laws. The co-chairmen will be Asst. Atty. Gen. Stanley N. Barnes, now head of the Department of Justice Antitrust division under Mr. Brownell, and Prof. S. Chesterfield Oppenheim of University of Michigan Law School.

Believers in a tough antitrust law enforcement policy were equally dismayed by this appointment. Assistant Attorney General Barnes, though a California Superior Court judge before coming to Washington, had no previous connections with antitrust law cases. This of course gives him an open mind on the subject, and makes him an unjudiced co-chairman.

On the other hand, Prof. Oppenheim has definite ideas favoring reform of the antitrust laws. A year ago he wrote an article for Michigan Law Review. In it he made 19 major recommendations for overhaul of antitrust laws and elimination of overlapping jurisdiction between Department of Justice and Federal Trade Commission.

This article led to general movement among chambers of commerce and bar associations for changing the antitrust laws. At that time Prof. Oppenheim advocated a privately financed committee to advise Congress on writing a new antitrust policy.

Instead of following this program, Attorney General Brownell chose to name a government commission which would be under his control, to make the study. No announcement has yet been made on whether members of Congress will serve on his commission. The membership will be named in August, at which time it will be known whether any advocates of more vigorous antitrust policies will be included, to present their point of view.

UNCLE EF

With his sidewalk television mugging and early morning handshaking with taxi drivers and window washers while in New York, our Republican leader says Harry Truman spread enough ham acting around to keep the Democrats in sandwiches for weeks.

Festival Of Music Held In Historic Cornwall

WASHINGTON—Cornwall, long the haunt of artists, became a musical center as well when British musicians and composers gathered there in June for the St. Ives Festival of Music and the Arts.

The week-long festival will, it is hoped, become an annual event for the old fishing port of St. Ives, reports the National Geographic Society.

Cornwall, once an isolated corner of England west of the River Tamar, is popular with travelers. It has some of the most impressive coastal scenery in Britain as well as excellent beaches. Palm trees flourish in a climate warmed by the Gulf Stream. Visitors have dubbed it the "Cornish Riviera."

Ned Short Remains Department Chief

RAPID RIVER—Ned Short was re-elected Chief of the Rapid River Volunteer Department at the annual meeting held at the Fire Hall. Jack Miller is Assistant Chief, Robert Bassi, Hose and Ladder foreman, and Harold Switzer, secretary-treasurer. Lunch was served following the meeting. A report was given on the successful Fourth of July picnic.

Royal Neighbors

The Royal Neighbors held a regular meeting at the home of Mrs. Harry Hylvorsen, Masonville. The picnic which will be held Tuesday, August 11, at the park was planned. Arrangements will be announced later. Games were played with Mrs. Ray Callahan winning high and Mrs. Frank Gerlach, low. The guest prize was won by Mrs. Harry Johnson. The hostess served lunch at the close of the meeting.

Birthday Party

Barbara Oberg, daughter of Mr. and Mrs. Robert Oberg observed her sixth birthday, Friday afternoon by entertaining several of her friends at her home. The children played games and prizes were awarded to the winners. Each guest received a balloon as a gift from the hostess. The guests who were Mary Margaret Anderson, Pete Peters, Bobbie Whipple, Linda Hewitt, Cheryl Talvitt, Margaret Soderberg and Cath Ann Oberg, Oxford, Mich., enjoyed a lunch of birthday cake and ice cream later in the afternoon. The guest of honor received many nice gifts as a remembrance of the occasion.

Father Dies In Sweden

Harry Johnson has received word of the death of his father, J. P. Johansson, Lucksta, Sweden, on June 23. He was 91. Mr. Johnson and Mrs. Stone Anderson are the only members of the family in this country.

Briefs

Mr. and Mrs. Ray Gravelle, Detroit, are vacationing here for two weeks. They are staying in one of the local cabins. The Gravelles are the parents of Mrs. Roger Oberg.

Linda Lagerquist, Kathy Wilbee Lois Schaffer, Jimmy Johnson, Glen Davis, Wesley Wilbee, Jimmy Carlson and Jerry Talvitt spent the past week at the Fortune Lake Bible Camp, Crystal Falls.

Jimmy Casimir is at the Red Buck Boy Scout Camp near Munising.

Mary Miller and Mary Grace Casimir left Sunday for Timber Trail, Camp Fire Girls camp where they will spend the next two weeks.

ESCANABA'S DRIVER TRAINING program is a cooperative effort by the Escanaba Public Schools and the Northern Motor Company which provides the driver training cars without cost to the schools. Percy Rosemurgy of the Northern Motor Company is shown presenting

the keys for the cars to Supt. John A. Lemmer, Dennis Foltman and William Puckelwartz are the driver instructors. Several years ago in a previous driver training program the training vehicles were provided by the Brackett Chevrolet Company. (Daily Press Photo)

Nahma

Bouchard-Thennes

NAHMA—St. John's Church Garden was the scene of a lovely summer wedding Saturday July 11, when Miss Shirley Ann Bouchard daughter of Mrs. Wilfred Johnson of Cooks and Harold Bouchard of Cooks became the bride of Nicholas Thennes Jr., son of Mr. and Mrs. Nick Thennes of Garden. Father Ronald Bassett, pastor of St. John's officiated at the single ring ceremony performed at 9 a.m., before an altar banked with iris and peonies.

The bride, given in marriage by her father, was attired in a gown, fashioned with a lace top which had a nylon net yoke and long tapered sleeves. The net skirt which was paneled with Chantilly lace, fell into a long Cathedral train and was worn over satin. Her veil of illusion, bordered with Chantilly lace was held in place by a tiara of satin and lace. Her colonial bouquet of white carnations and pink pinocchio roses were tied with white streamers from which fell lilies of the valley and forget-me-nots. Her only jewelry was a single strand of pearls which belong to her mother.

The maid of honor was Miss Maxine Nedeau of Cooks. Her gown was fashioned of yellow nylon net over taffeta with a lace bolero. Her headpiece was of ruffled nylon net and orange blossoms and matched her gown in color and her colonial bouquet was of blue carnations. Bridesmaids were the Misses Jeraldine and Jeanine Weigandt. Miss Jeraldine wore a gown of yellow taffeta and carried a colonial bouquet of blue carnations. Miss Jeanine wore a gown of blue net over taffeta and carried a bouquet of pink carnations. They both wore lace mitts and headpieces which matched their gowns.

The best man was Lawrence Tatrow of Garden. The guests were seated by Darryl Bertrand of Manistique and Wayne Van Remortel of Fayette.

The bride's mother wore a navy blue beemberg sheer gown with white accessories and a corsage of pink carnations and roses. The bridegroom's mother wore a navy blue fagile suit with white accessories and a corsage of pink carnations and roses.

Immediately following the ceremony, a wedding breakfast for 25 guests was served at the home of the bridegroom's parents.

Then he saw the steaks sizzling on the Anderson's outdoor charcoal grill.

ant owned by the bride's step-father.

After a honeymoon in Wisconsin, the couple will make their home in Garden.

The bride attended Cooks High School and the groom is employed as a trucker by his father.

Out of town guests were Mrs. Lloyd Walters of Detroit, Miss Lucille Savage of Menominee, Mr. and Mrs. Milton Williams of Saul Ste. Marie, Mr. and Mrs. Paul Zimmel, Mr. and Mrs. Tony Gregories, and Mr. and Mrs. Irvin Thennes of Gladstone, Mr. and Mrs. Robert Tatrow and Mr. and Mrs. Jack Thennes of Kincross.

The best man was Lawrence Tatrow of Garden. The guests were seated by Darryl Bertrand of Manistique and Wayne Van Remortel of Fayette.

The bride's mother wore a navy blue beemberg sheer gown with white accessories and a corsage of pink carnations and roses. The bridegroom's mother wore a navy blue fagile suit with white accessories and a corsage of pink carnations and roses.

Immediately following the ceremony, a wedding breakfast for 25 guests was served at the home of the bridegroom's parents.

Then he saw the steaks sizzling on the Anderson's outdoor charcoal grill.

The head disappeared.

Rock

ROCK—Mr. and Mrs. Morely Roberts and Lynn Marie and Mrs. Claire Horgan left for Chicago Saturday morning. Mrs. Horgan is visiting with her sister. The Roberts are visiting relatives and friends and attended the White Sox-Yanks double header Sunday. They plan to return Wednesday.

Visitors at the Donna LeClaire home last week were Mrs. Jacqueline and Marlene Dewar, Mrs. Belanger and Mrs. DeWarr returned after a few days' visit, but the girls remained for a two weeks stay at the LeClaire home. They are from Sault Ste. Marie, Ontario.

ARIZONA GROWS
PHOENIX, Ariz. (AP)—An average of 1,000 settlers a week move into Arizona, Charles R. Slight Jr., president of the National Association of Manufacturers, told the Phoenix Lions Club recently.

Texas Divorce Laws Are Liberalized

AUSTIN, Tex. (AP)—The man or woman who wants a divorce in Texas because of long separation from the marriage partner doesn't have to wait as long to seek one now.

The legislature passed a law cutting the time from ten to seven years and Gov. Allan Shivers signed the bill putting it into effect.

Today Hottest Day Of Season

Escanabans this morning experienced the hottest weather of the unusually hot spell this month when the thermometer climbed to 85 degrees at 10:30.

The previous high of 83 had been reached several times in June and once previously this month.

Shortly after the high reading, the wind shifted to the south and the breeze off the bay dropped the temperature to 79. However, the humidity reading climbed correspondingly, and little relief was felt.

Weatherman S. E. Decker reports that the past week's weather has been above normal for this season, which is the warmest of the year.

Although the temperatures did not get above the low 80's, high humidity caused discomfort. Some relief from the muggy hazy weather resulted from showers Friday night and Saturday morning, in which .42 inches of rain fell. The rainfall also helped eliminate temporarily some of the high danger of forest fires.

On Saturday the thermometer reached a high of 81 and fell to a low of 67. Sunday's high was 77 with a low of 63.

Decker sees little relief in sight for the near future with the forecast of both high temperatures and high humidity.

Teen-Age Kidnap Trio Captured

NEVADA CITY, Calif. (AP)—Three teen-agers are in jail today after surrendering themselves and their captive deputy sheriff to an armed 30-man posse Sunday.

At one point, Deputy Elmer Oates said, a girl "sat behind me and held a hunting knife across my throat."

He said when capture appeared imminent, one of the two boys yelled: "Let's shoot it out!" However, they surrendered meekly.

The three, booked at Nevada County Jail, are: June Charlotte Wood, 18, San Francisco; John Pearman, 18, Vallejo, Calif.; and Albert Gervais, 18, Oakland, Calif.

Their capture — about 75 miles west of Reno — ended a six-day spree which started Tuesday in San Francisco, where they boarded a bus "just to take a ride."

The ride, police said, has produced charges of kidnapping, armed robbery, car theft and escape from two law officers.

Oates was one of three officers captured by the youngsters Saturday when they were being questioned about an auto theft. The other two were handcuffed and left at a roadside.

Oates said he surprised and disarmed the three during the night in the woods but next morning they grabbed his gun back and he was once again a prisoner.

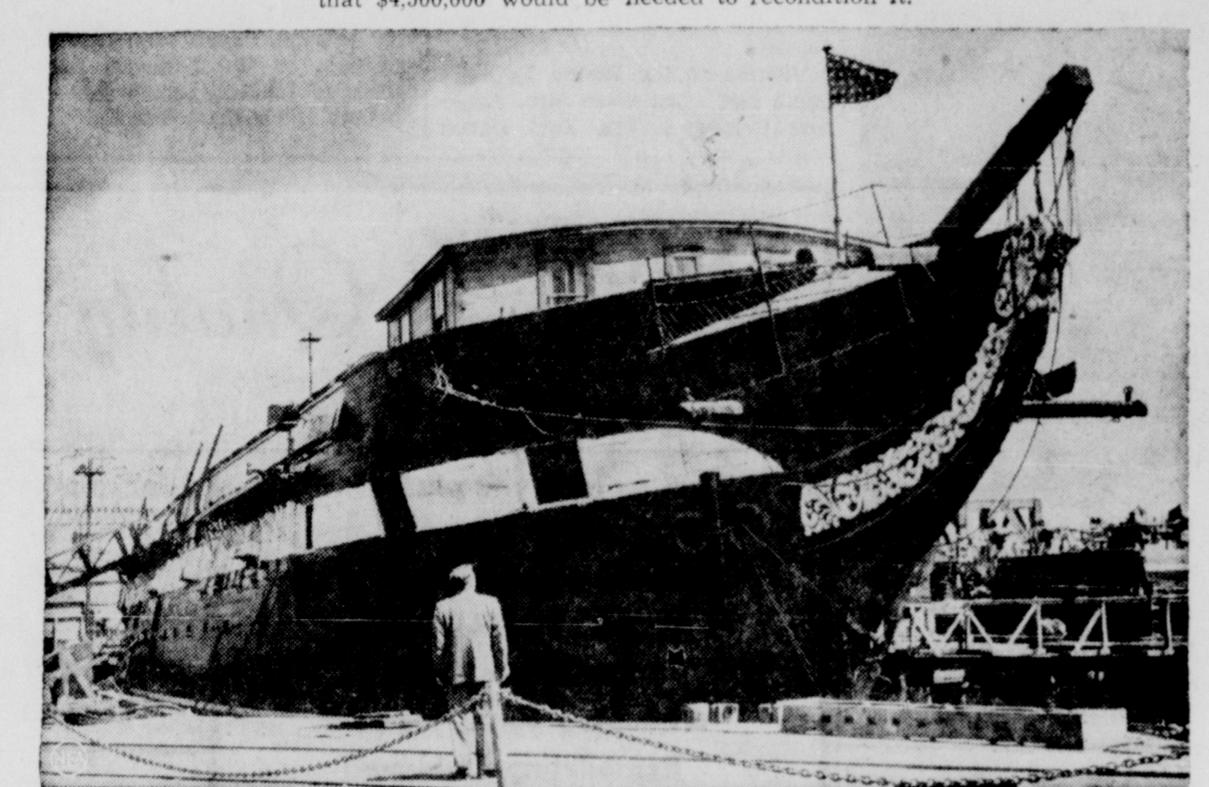

Finally, he said, they headed for the main highway, walked into the bristling muzzles of the posse and surrendered.

Navy Sounding Taps For Constellation

The Constellation, the oldest ship in the U. S. Navy—about two months older than its famed sister ship, the Constitution—lies rotting in the Charlestown, Mass., Navy Yard. A congressional bill is now pending which would demolish the 176-year-old frigate. The ship saw service in the War of 1812, the Civil War, the fight against the French privateers and the Tripoli pirates. However, a campaign is underway to raise money by public subscription to save the historic ship and return it to Baltimore, Md., its original home. The Constellation cost \$314,000 to build, but it is estimated that \$4,500,000 would be needed to recondition it.

With no funds available for her maintenance, the Constellation, once the pride of the U. S. Navy, lies rotting in the Charlestown, Mass., Navy Yard.

The ship may be rotting, but Seaman Lucius Collins, of Memphis, Tenn., takes time out to polish the brass of the ship's wheel.

Communists Say They Are Ready To Sign Up Truce

(Continued From Page One)

heightened optimism for an early signing.

Total time spent by five different teams, including interpreters and liaison officers, was seven hours, 42 minutes.

Action Speeded Up

The main truce delegations presumably are awaiting a call from the lower level staff officers to set a date for the signing.

Both sides quickened the pace toward a truce signing in the wake of the sudden Communist announcement Sunday that they were ready to go ahead with final preparations in return for Allied assurance that South Korea would abide by a cease-fire.

He said it showed the Reds intended to take "all South Korea by subversive activity and by liquidating the Army which we have built so painstakingly and with so much expense."

An unnamed Republic of Korea spokesman said Allied assurances

meant the U.N. "had lost the war."

Peace Building Pushed

In other developments:

1. The Peiping radio announced that Czechoslovakian and Polish delegates who would serve on a four-nation Armistice Supervisory Commission arrived in the Red China capital. The Swedish and Swiss delegates already are in Tokyo.

2. The Reds sent 200 North Korean and Chinese troops to resume work on the "signing building" at Panmunjom. Construction was suspended after Rhee freed 27,000 anti-Red North Korean prisoners from Allied camps. Communist Correspondent Alan Winnington of the London Daily Worker said the building should be finished Thursday, but the signing probably would not be that early.

3. Gen. Mark Clark, U.N. Far East commander in Tokyo, hailed the Red go-ahead as "most encouraging," and said it "should lead to an early signing." However, he said some details remained to be worked out.

4. Peiping radio, the voice of Red China, said the Communist agreement to go ahead with truce signing preparations came after "resolute efforts by the (Red) Korean and Chinese side in the past month."

POW Problems Covered

Prisoners of war who want to go home exchanged at Panmunjom within two months; balky POWs turned over to five-nation Repatriation Commission (India, Sweden, Switzerland, Czechoslovakia, Poland); India supplies guards for POWs; Red agents (seven per 1,000 POWs) make "explanations" during 90-day period—in presence of neutrals—to encourage repatriation; POWs who change minds repatriated on commission majority vote.

Recommendations made for a political conference to begin within 90 days after an armistice to discuss peaceful settlement of entire Korean question: problem of POWs persisting in refusal to go home led to conference for 30 days; after the 30 days, those still refusing repatriation released to civilian status in South Korea with right to go to neutral nations of their choice.

Sailor Jailed Here For Reckless Driving

Francis Cox, 20, of Hartford, a Great Lakes sailor, is serving a 15-day sentence in County Jail on a charge of reckless driving made against him by Michigan State Police of the Manistee post the sheriff's department said.

Judge Oliver Estenson of Gladstone sentenced Cox to a \$25 fine and \$4.30 costs, or 15 days in jail.

The alleged reckless driving occurred Saturday on US-2 east of Gladstone.

Briefly Told

Minor Bruises—Three Escanabans youngsters received minor bruises in a mishap at the bathing beach at noon today. Suffering scrapes and bruises when hit by a truck, backing away from the curb, were Judy Charland, 8, 420 S. 19th St.; Evelyn Snow, 11, 402 S. 7th St., and Daniel Snow, 21½, 402 S. 7th St. Driver of the truck was Donald M. Anderson, 1513 Ludington St. No ticket was issued.

PANMUNJOM (AP)—Here are ma-

Three Cars Are Damaged In City Truck Accident

Damage exceeding \$2,000 resulted Sunday when a city dump truck driven by George DeLoughary, 316 S. 1st ave., hit three cars near the new St. Anne church and overturned.

The city truck had been rented by Edward H. Gadnis, along with three other city vehicles, to haul sand from the ore docks to fill property owned by Gadnis, according to records of the Escanaba police department.

DeLoughary, a city employee, told investigating police that he swerved to avoid hitting a bicyclist who made a left turn in front of the truck. The bicyclist was identified by the driver as Albert Moran, 1417 N. 1st ave. Moran, the police report indicates, is "dead" and was not wearing his hearing aid.

Damage to the city truck, a 1952 two-ton model is estimated by police at \$800.

Skids 74 Feet

The other vehicles damaged were owned by Paul Brazeau, 414 S. 19th St., Joseph Cota, 928 S. 8th Ave., and Clairmont Transfer Company, 1803 N. 7th ave.

Damage to the Cota car, most extensively damaged, is estimated at \$1200. Damage to the Brazeau car is listed at \$15 in the police report and to the Clairmont vehicle at \$40.

DeLoughary, a city police officer, told investigating police that he was traveling south on 23rd St., about 30 mph. He swerved at the S. 8th ave. intersection to avoid hitting the bicyclist, and another man standing by a parked car, and hit the Brazeau car and the Cota car. The Cota car in turn hit the front of the Clairmont vehicle, the police report shows.

The city truck, which was loaded, skidded 74 feet and came to rest on its right side.

Rental Policy

The cars damaged were parked near the new St. Anne church when the accident occurred, at 9:28 a.m.

The city truck will be repaired, the city manager, A. V. Aronson, said this morning. The city has insurance to cover damages to the privately-owned vehicles, but damages to the truck are not covered, he said.

Permits for use of the vehicles are obtained from the city treasurer's office, but are not granted until evidence of a satisfactory driver is presented, the city engineer, Loren W. Jenkins, reports. Copies of the requests for vehicles are sent to the city engineer and to the city auditor, who bills employees for rental of the city equipment, he said.

The city manager indicated this morning that the policy may need to be changed because of damages occurring to equipment. It is a work incentive to city employees, however," he noted.

Three trucks and a front end loader were rented by Gadnis to haul sand from the ore docks to his residence at 1722 S. 8th ave. The vehicles were operated by Robert Crepeau, George DeLoughary, Ralph Johnson and Wallace Anderson, all staff members of the city police department.

U. S. government bonds were firm.

British Reinforced

SINGAPORE (AP)—A thousand British troops arrived here today from Britain. Most of the men are replacements for regiments fighting the Communist guerrillas in Malaya.

Fighting stops 12 hours after the truce signing; troops withdraw from buffer zone about 2½ miles wide across Korea; troops and arms frozen at truce level but rotation of 35,000 men monthly permitted; Allies withdraw within five days from North Korean coastal islands.

Military Armistice Commission of five senior officers from each side supervises armistice terms; Neutral Nation Supervisory Commission (Sweden, Switzerland, Poland, Czechoslovakia) observes truce terms.

Dinner Dance At Highland Club Successful Event

The Directors' dinner dance for Highland Golf Club members and their guests, held Saturday evening at the club house, was a successful weekend event.

The tables were attractively decorated in the month's patriotic theme. Candelabra holding red, white and blue garden flowers were artistically arranged at either end.

An unique arrangement of blue delphinium, red rambler roses and white phlox in a white wooden wheelbarrow was outstanding.

Dinner was served at 7:30 following a cocktail hour and dancing started at 10.

Arrangements were in charge of Mr. and Mrs. C. E. Johnson, chairmen and Mr. and Mrs. Ernest Flath, assisting chairmen, and a committee of hosts and hostesses which included Mr. and Mrs. Earl Brown, Mr. and Mrs. Merton Jensen, Mr. and Mrs. Einar Beck, Mr. and Mrs. Grover Lewis, Mr. and Mrs. Ben Douglas, Mr. and Mrs. Hazen Hengesh, Mr. and Mrs. John Walter, Miss Carolyn Johnson and Miss Carol Beck.

Personals

Mr. and Mrs. Sim Wellman, daughter Betsy and son Johnny and Billy left this morning for Watertown, Wis., to spent a vacation with their son-in-law and daughter.

Dr. and Mrs. Francis C. Anderson have returned after a week's vacation in Cadillac, Mich.

Mrs. Henry V. Berry and daughter, Mary Kathryn, of Norfolk, Va., are visiting at the home of Mrs. Berry's parents, Dr. and Mrs. John J. Walsh, 809 Lake Shore Drive. Mrs. Berry is the former Mary Margaret Walsh.

Mr. and Mrs. Ed Corcoran and family and Mr. and Mrs. Ken Gunderman and son Keith visited in Marinette Sunday with Mr. and Mrs. D. H. Gunderman.

Mrs. Stafford LeDuc, 211 N. 12th St., left today for St. Paul where she will attend Ward's Fashion Clinic.

Mrs. Carl Parentowski returned to Marinette today after visiting over the weekend with her sister, Mrs. Herbert Scheriff, 1020 9th Ave. S.

Mrs. Elmer Larson of Ford River today left for Chicago where she will board a plane for Mobile, Ala. Mrs. Larson will spend three weeks at Mobile visiting with her daughter, Mrs. David Rieder, and family.

Mrs. George Ryan and son, Denny, of Gladstone left this morning for Milwaukee where they will join Mr. Ryan, who will be dismissed today from a hospital there. Mr. Ryan will accompany his family to Gladstone where he will recuperate.

Mr. and Mrs. Louis Morin of Ford River have returned from New York City where they visited for two weeks with their son-in-law and daughter, Dr. and Mrs. Howard Carr, and family.

Mrs. Hans Gudwer and daughter, Diedra, 1519 Ludington St., left today for Racine, Wis., where they will visit Mrs. Gudwer's daughter, Mrs. Ronald Haisler, one week.

Mrs. Lorraine Butler and Darlene Butler returned today to Chicago after visiting with her sister, Mrs. Leo Chriske, and with her nephew, John Chriske, both of Escanaba Rte. 1. She spent two weeks visiting here.

Karen Kay Kouth, daughter of Mr. and Mrs. Ronald Kouth, 115 S. 22nd St., left today for Milwaukee where she will visit for one week with her cousins, Mr. and Mrs. Warren Vogel.

Miss Linnea Kasen today returned to Chicago after visiting with her grandfather, John Hermanson, 527 N. 20th St., and other relatives for four days.

John Buckbee, son of Mr. and Mrs. Edward G. Buckbee, 512 Lake Shore Drive, has returned from a month's visit with Mr. and Mrs. C. T. Sullivan of Falls Church, Va., his uncle and aunt. While in the East he visited many places of historic and scenic interest.

Mr. and Mrs. R. L. Fredrickson, 312 S. 13th St., have returned from Steuron Bay, where they spent the weekend at a family reunion at the home of Mr. and Mrs. Don Fredrickson. Mr. and Mrs. William Fredrickson and family of Chicago joined them in the visit.

Mrs. Thaxter Shaw, 601 Ogden Ave., has returned from a week's visit at Alma and Ann Arbor. She was accompanied home by a friend, Mrs. Gladys Stewart and children of Lansing. The Stewarts will return tonight.

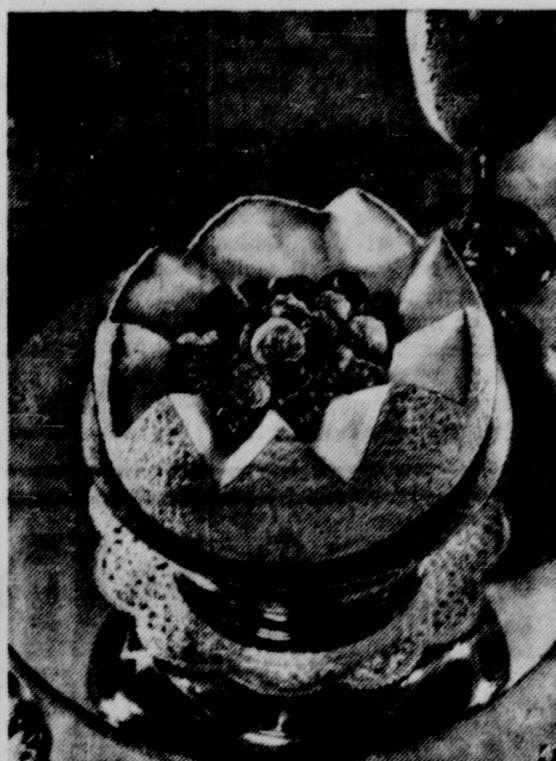

Mr. and Mrs. Howard Morreau and daughters Gloria and Jacqueline, Milwaukee, have been visiting at the home of Mr. and Mrs. Dan Beauchamp, 409 S. 13th St. Mrs. Beauchamp is Morreau's mother.

Mary Weber, daughter of Mr. and Mrs. Harold Weber, 1314 2nd Ave. S., and Nancy Rademacher, daughter of Mr. and Mrs. Paul Rademacher, 709 3rd Ave. S., left Sunday morning for an extended visit in Colorado. In Denver they will visit Mr. and Mrs. John P. Gaffney and infant daughter Maurine, at Camp Carson Colo., 415 Walnut St., Manitou.

Lonely? Try Banquet For One

SUMMER meal for one . . . on paper plates.

GLAMOROUS dessert . . . for private feast.

By CECILY BROWNSTONE

The baby's still in the bottle stage and the older children are at camp? You're a mother who eats an uninteresting bite-and-nibble lunch all by yourself?

Or maybe you're a career girl who lives alone and loves it—except for those nights you have a solo supper?

Then you've no idea what a wonderful thing a banquet for one can be. So comfortable to lean back and luxuriate in a delectable meal, to let your thoughts wander where they will, to plan and dream. Or to prop up that novel you've been dying to read for a duet or quartette, you'll feel confident. Your reward? Rare notices.

Every good cook needs rehearsals. What better time for a preview than when you're alone? Experiment with seasonings and garnishes, with methods of preparation. When you cook the dish for a duet or quartette, you'll feel confident. Your reward? Rare notices.

Preparing an attractive meal for yourself doesn't have to mean more work—there are lots of interesting dishes that can be made quickly and easily in small quantity. Get yourself a supply of paper plates in a couple of sizes; when you're through, throw them airy away.

We used to turn up our nose at paper plates—but that was before they were both functional and glamorous. Now they come in pretty shades, convenient sizes, and with plastic-coated surfaces that stand up well under any type of food—hot, cold, moist or dry.

But one piece of stern advice: select your garments sensibly, so that they may see service later.

7. Jewelry and accessories should be selected carefully. Long dangling earrings, big elaborate necklaces and jangling bracelets are inappropriate for a bride. If you plan to wear jewelry, stick to simple pieces. Pearls are traditional for brides, unless you happen to have a jewel bag of diamonds in the family safe.

8. Your nails should be lovely at this time, because your hands will be up for inspection for quite a while after the ceremony as your wedding ring is admired. If your nails have been neglected, start immediately to get them in shape by scrubbing them with a soap brush and using the emery board to smooth little snags. Be sure to have a good professional manicure the day before the wedding, unless you are an expert with polish.

Since there are so many teenagers saying "I Do" these days, perhaps some pointers on how to behave at that wedding might be in order. After all, if girls are putting down their school books one day and picking up the wedding bouquet the next day, there isn't very much time to brief up on bridal techniques. So here are some suggestions for teen-age brides-to-be:

1. Be natural. Don't try to make yourself look older or more sophisticated. Your husband-to-be would like you to look like the girl he proposed to. The day before the wedding is no time to try to change your looks.

2. Set up an intensive soap-and-water routine well in advance of the wedding day so that your trousseau is in spotless order. This is particularly important if you have a small budget for bridal finery, and must wear some of your old clothes.

3. Your complexion should be on a three-times-a-day washing schedule so you won't be bothered with last minute skin problems. Watch your diet at this time. You don't want to break out in a "sweets" rash, the result of too many sundaes and sodas.

4. Shampoo your hair as often as possible, and if you are the type who looks better with a permanent wave, don't wait until the last minute to get one. Do it several weeks before the wedding if there is time, and be sure to shampoo it a few times before the wedding for a more normal look. Wear the coiffure your sweetheart remembers. Don't experiment with new hairdos now.

5. Choose a dress that is right for you. It is fine to read the ads, but don't select a wedding dress merely because it looks well on the model or the sales girl recommends it. Take your mother or close friend with you so that you will get expert advice from some one who knows you. Young girls, should stick to simple gowns, rather than fancy overwhelming outfits.

6. Be practical about your trousseau. If you have a house to furnish, the income is to be small,

Births

Mr. and Mrs. Donald E. Flath, Bark River Rte. 1, are the parents of a son, Donald James, their first child, who arrived July 17 at St. Francis Hospital. The baby's weight was 8 pounds and 13 ounces.

Mr. and Mrs. Philip T. Vian of Schaffer are the parents of a daughter born July 18 at St. Francis Hospital. The baby who weighed 6 pounds and 8 ounces will be christened Lois Ann.

A daughter was born to Mr. and Mrs. Frank C. Harris of 209 S. 6th St., Gladstone, July 18 at St. Francis Hospital. The baby's weight at birth was 5 pounds and 3 ounces.

A son was born July 19 at St. Francis Hospital to Mr. and Mrs. Foy Arbour of Gladstone Rte. 1. The new arrival weighed 7 pounds and 11 ounces. His name is Rocky Foy.

A daughter, Diane Gail, was born to Mr. and Mrs. Glenn Thomas of Ensign July 19 at St. Francis Hospital. The baby's weight at birth was 8 pounds and 1 ounce.

Vagn Gydesens At Nephew's Wedding

Mr. and Mrs. Vagn Gydesen and Miss Judith Jensen returned Sunday from Lewiston, Minn., where they attended the wedding of Miss Jeanette Luchmann and the Gydesens' nephew, Blake Seling. The service was solemnized Friday, July 17, at 2:30 p. m. at St. John's Lutheran Church at Lewiston by the Rev. Rudolph Korn. Blake has visited several summers in Escanaba and is well known here. His sister, Miss Suzanne Seling of Santa Monica, Calif., returned with the Gydesens and will spend a week visiting here.

By DOROTHY ROE

When it's curtain-washing time, do you have a spare to dress up your kitchen window?

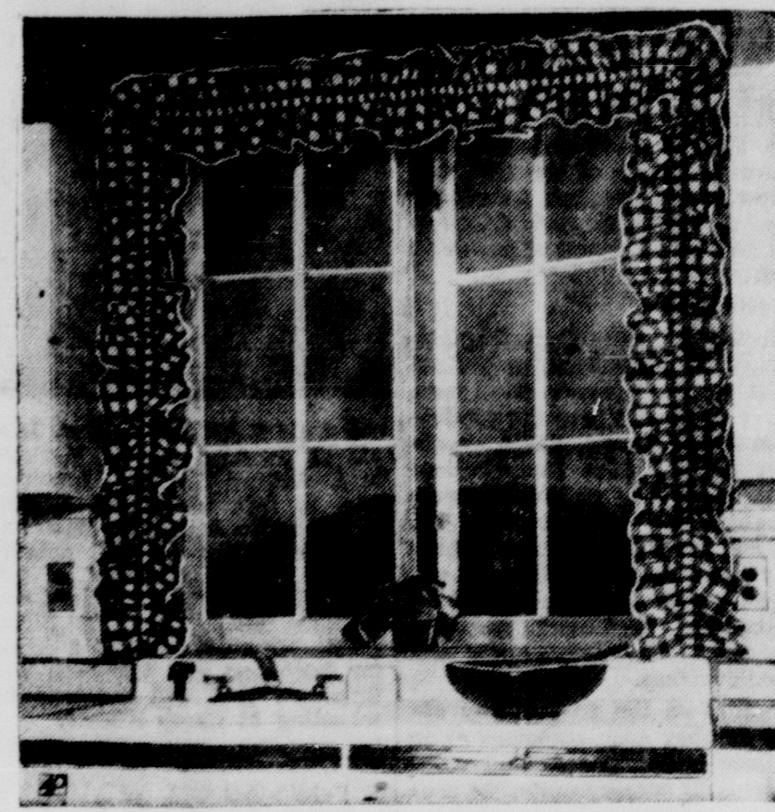

Many smart housewives have discovered that ruffle frames for kitchen, laundry or utility room windows are easy to make and effective to use.

All you have to do is cut sufficient yardage of any gay fabric into straight strips, hem, ruffle down the middle on your sewing machine with elastic thread and effective to use.

The dressmaker frills used for the window shown here took less than 2½ yards of 40-inch cotton gingham. Local sewing center experts advise you to estimate yardage by measuring across top and down both sides of the window frame, and then double the measurement. For example, this window measured 146 inches, so a measurement of 292 inches was needed to allow for gathering.

After estimating the required yardage, cut fabric into 10-inch strips until you have the necessary measurements. Stitch strips

Quick Decorator Trick For Kitchen Windows

WINDOW FRAME . . . easy to make at home.

together and press seams open. Hem all raw edges, using the narrow hemmer attachment on your sewing machine. To ruffle, thread bobbin with elastic thread, loosen machine tension slightly, to accommodate thread. Use regular mercerized thread for spool pin. Then stitch straight down the middle of the strip, making three rows of stitching, ¼ inch apart. If finished ruffle is slightly smaller than window measurement, the elastic thread will allow it to stretch to fit.

Tack into place on window together and press seams open. Hem all raw edges, using the narrow hemmer attachment on your sewing machine. To ruffle, thread bobbin with elastic thread, loosen machine tension slightly, to accommodate thread. Use regular mercerized thread for spool pin. Then stitch straight down the middle of the strip, making three rows of stitching, ¼ inch apart. If finished ruffle is slightly smaller than window measurement, the elastic thread will allow it to stretch to fit.

Regular League Play Wednesday At Country Club

Regular weekly League play will be held at the Escanaba Golf and Country Club Wednesday, July 22. Luncheon at 1 p. m. will be followed by both golf and bridge. The committee for the day is Mrs. Oliver C. Fuller, chairman, Mrs. James Degnan, assisting chairman, Mrs. R. E. Ryde, Mrs. John Bissell, Mrs. S. R. Venne, Mrs. H. J. Defnet, Mrs. Harold Groos, Mrs. Karl Dickson and Mrs. H. P. Lindsay.

Luncheon reservations must be made not later than Tuesday noon by calling the club house.

Evening Star Meets Tuesday Evening

The Evening Star Society will meet Tuesday, July 21, at the North Star Hall dining room. Lunch will be served at 6:30 p. m. for all members. The regular business meeting will follow. Reports will be given on the 26th district convention, held at Marquette June 19-20, and other important business matters will be considered. A social hour will follow the meeting. A large attendance is urged.

Social-Club

VFW Auxiliary

A regular meeting of the Ladies' Auxiliary to the Veterans of Foreign Wars will be held at Grenier's Hall Tuesday, July 21, at 8 p. m.

Charter Revision:**Duties And Powers Of City Council Defined**

Powers and duties of the City Council are defined in one section of the proposed new charter as drafted by the city charter commission. The city's representation on the Board of Supervisors of Delta County also is defined in the charter. These and other sections of the charter will be the subject of a public hearing to be held July 21 at 7:30 at the city hall.

The section on the Council follows:

THE COUNCIL
Procedure, and Miscellaneous Powers and Duties**Regular Meetings:**

Section 6.1. The Council shall provide by resolution for the time and place of its regular meetings and shall hold at least two regular meetings each month. A regular meeting shall be held at 8:00 P. M. at the then prevailing local time on the Monday next following each regular city election.

Special Meetings:

Section 6.2. Special meetings shall be called by the Clerk on the written request of the Mayor, the City Manager or any two members of the Council on at least twenty-four hours written notice to each member of the Council, served personally or left at his usual place of residence; but a special meeting may be held on shorter notice if all members of the Council are present or have waived notice thereof in writing.

Business at Special Meetings:

Section 6.3. No business shall be transacted at any special meeting of the Council unless the same has been stated in the notice of such meeting.

However, any business which may lawfully come before a regular meeting may be transacted at a special meeting if all the members of the Council present consent thereto and all the members absent file their written consent.

Meetings to be Public:

Section 6.4. All regular and special meetings of the Council shall be open to the public and citizens shall have a reasonable opportunity to be heard under such rules and regulations as the Council may prescribe.

Quorum; Adjournment of Meetings:

Section 6.5. A majority of the members of the Council in office at the time shall be a quorum for the transaction of business at all meetings of the Council but in the absence of a quorum a lesser number may adjourn any meeting to a later time or date, and in the absence of all members the Clerk may adjourn any meeting for not longer than one week.

Compulsory Attendance and Conduct at Meetings:

Section 6.6. Any two or more members of the Council may compel the attendance of absent members in such manner and under such penalties as may be prescribed by ordinance.

The presiding officer shall enforce orderly conduct at meetings and any member of the Council or other officer who shall fail to conduct himself in an orderly manner at any meeting shall be deemed guilty of misconduct in office.

Any police officer designated by the presiding officer of the meeting shall serve as the Sergeant-at-Arms of the Council in the enforcement of the provisions of this section.

Organization and Rules of the Council:

Section 6.7. The Council shall determine its own organization, rules and order of business subject to the following provisions:

(a) A journal of the proceedings of each meeting in the English language shall be kept by the Clerk and shall be signed by the presiding officer and clerk of the meeting.

(b) A vote upon all ordinances and resolutions shall be taken by "Yes" and "No" vote and entered upon the records, except that where the vote is unanimous it shall only be necessary to so state.

(c) No member of the Council shall vote on any question in which he has a financial interest other than the common public interest or on any question concerning his own conduct, but on all other questions each member who is present shall vote when his name is called unless excused by the unanimous consent of the remaining members present. Any member refusing to so vote except when so required by this paragraph shall be guilty of misconduct in office.

(d) In all roll call votes the names of the members of the Council shall be called in alphabetical order and the name to be called first shall be advanced one position alphabetically in each successive roll call vote.

(e) The proceedings of the Council, or a brief summary thereof which shall include all roll call votes, shall be published within ten days following each meeting. Any such summary shall be prepared by the Clerk and approved by the Mayor and shall show the substance of each separate proceeding of the Council.

(f) There shall be no standing committees of the Council.

Providing for Public Health and Safety:

TO CAMP KILMER — Pvt. Harold E. St. Cyr, son of Mr. and Mrs. Arthur St. Cyr, Escanaba Rte. 1, left for Camp Kilmer, N. J., after a 10-day delay en route here. Pvt. St. Cyr enlisted in the Army February 11 and took his basic training in Camp Gordon, Ga., with the Signal Corps. He then went to a school for telephone and telegraph pole linesmen, and will continue his schooling at Camp Kilmer.

Classified Ads cost little but do a big job

ervisors. In the performance of his duties each Supervisor shall represent the city, its inhabitants and its government to the best of his ability.

Compensation of Supervisors:

Section 15.4. Representatives of the city on the Board of Supervisors shall be entitled to retain any compensation and expense allowances paid to them by the county in such capacity. Representatives of the city on the Board of Supervisors shall also be paid the sum of eight dollars by the city for each day or fraction thereof actually served in attendance at meetings of the Board of Supervisors.

Chatham**Class Reunion**

CHATHAM—The class of '43 of the Rock River High School had its first class reunion with the banquet served by the King's Daughters of the Eben Evangelical Lutheran Church in the church parlors.

The dining room was decorated in the class colors of blue and white and the class flower, red roses, were placed at intervals along the length of the tables. Nineteen of the class of 27 members were present. Arthur Ikkala, a casualty of the Korean War, is the only deceased member of the class. Seven members were unable to attend.

Those present were: Alex Alto,

Eben; Mrs. Harold Johnson (Bertha Kamppinen), Eben; Mrs. Arthur Swajanen (Ireneen Hautamaki), Eben; Mrs. Bernard Niemi (Evelyn Keskimaki), Detroit; Mrs. Merrill Montambo (Mayme Puro), Detroit; Mrs. Louis Praznik (Aili Salminen), Detroit; Miss Saima Lintula, Detroit; Walter Ridell, Detroit; Robert Swanson, Detroit; Miss Mayme Maki, Highland Park, Mich.; Miss Julia Salo, Ann Arbor; Mrs. Boyd Coffey (Amy Knaus), York, Ala.; Mrs. John Baye (Alvina Knaus), Cleveland, O.; Mrs. Willard Josephson, (Georgia Ostanek), Tremont; Mrs. Baysee Jernstadt (Taimie Puro), Reed City, Mich.; Mrs. V. R. Snook (Elsie Sautter), Newberry; Clifford Johnson, Chatham; Arn-

old Kallio, St. Ignace; Leo Varti, Marquette.

William T. MacNeil, superintendent of schools in Munising, who was superintendent of Rock River schools at the time the class was graduated, was guest of honor.

Following the banquet, a tour of the school and gym was made.

It was decided by the class to purchase a memorial plaque to be placed in the school in memory of Arthur Ikkala.

Mr. and Mrs. Reino Akkala and daughter Louise and son David, are spending a week at their cabin at Lost Lake.

Mr. and Mrs. J. S. Boyer of Tampa, Fla., arrived Tuesday to

Lectures With Traffic Tickets Are Curtailed

LOS ANGELES (AP)—Keep the lectures short—five minutes is enough time to give a traffic ticket, the Los Angeles police commission has told officers.

John J. Irwin, commission president, said Wednesday he has received complaints that policemen frequently use 15 to 20 minutes in giving tickets. Commissioner Michael Kohn said he had some complaints that "officers seem to enjoy taking unnecessary time, especially if a driver is in a hurry."

spend three weeks at the home of Mr. and Mrs. Oscar Johnson.

Tires Of Tomorrow Expected To Last As Long As The Car

By SAM DAWSON

NEW YORK (P)—Keenly competing tire companies are working hard on the tire of tomorrow.

Some say the tire that will last as long as your car is no pipe dream—just a few more kinks to work out.

Rubber companies are concentrating, too, on special tires for special purposes—tires that perform better on difficult ground, on ice or mud, at high speeds. Their scientists talk of new standards of safety. The tubeless tire is getting quite a plugging.

Some technicians say that new forms of synthetic rubber are being perfected that will make present day tires seem obsolete.

New Cord Safer

They are experimenting with

Specialists To Study High Blood Pressure Of African Giraffes

DURHAM, N. C. (P)—Three Duke University medical research specialists are planning an African safari to study the blood pressure of giraffes. They hope their findings will be useful to humans.

Dr. James W. Warren and two assistants, Drs. Henry D. McIntosh and E. Harvey Estes, will make the experiments under a Naval research grant.

Theoretically, Dr. Warren says, a giraffe lives with a constant blood pressure that would kill any other animal, including men. The researchers want to learn how the giraffe's heart and artery tissues stand up under the high blood pressure strain.

Marriage Tangles Up Justice's Relations

TOWANDA, Pa. (P)—Justice of the Peace Oliver D. Goodrich performed a marriage ceremony Thursday night that had—well, you might call them ramifications.

The groom was George B. Archer, 80, who is Goodrich's grandfather. The bride was Mrs. Daisy Mae Shipp, 53, who is Goodrich's mother-in-law.

As a result, Archer is now Goodrich's step father-in-law. The new Mrs. Archer is Goodrich's step grandmother. Archer is now Mrs. Goodrich's step father.

You take it from there.

COIFFURE RAKE

The backscratcher was used as a kind of rake by men and women in the 18th and early 19th centuries to keep their huge powdered coiffures in order, according to the Encyclopedia Britannica.

Dragon Lady Coaxes GIs To Quit Fighting And Have Good Time

By JOHN RANDOLPH

WESTERN FRONT, Korea (P)—For the past 10 months a warm, romantic woman's voice frequently has drifted across the Korean battle front, appealing to U. S. troops to give up the fight and join her in a good time.

U. S. Marines dubbed her the "Dragon Lady" and jokingly claimed she was the only woman in the world who could be shut up only with artillery.

She speaks English with an attractive, slightly Oriental lisp. And the things she sometimes says would make a statue blush.

No one has seen the Dragon Lady, but thousands have heard her needling broadcasts:

"Why don't you go home? Your wife may write that she is in love with somebody else."

"Surrender now. What's your girl doing back home?"

Then she may invite the boys

over to the communist side, describing in earthy language the pleasures awaiting them.

On occasion the Dragon Lady will go all out and in heartfelt words tell the Marines "I don't want anyone to get hurt. I love you all."

Another time she told the Marines:

"You will be relieved on May 8—if you can walk off the hill."

She was only a few days off. They were relieved on May 5—and they walked off the hill.

HOME FOR EX-MAS

Once she got her wires crossed and announced on July 8 that "The peace treaty is signed."

Five days later, without a direct admission of her error, she broadcast "Peace within a few weeks—possibly within a few days. Spend

Merry Xmas at home."

Often the Dragon Lady will play music, then broadcast:

"If you hear these records fire two shots. If you like the music fire two shots."

Usually the shots aren't fired, and if the music is good the doughboys may leave her on the air for a while.

The only thing to date that has shut up the Dragon Lady is a few well placed artillery shells. Her position is quickly spotted by sound, and then the gunners take over.

The original Dragon Lady, incidentally, is a beautiful character in George Wunder's comic strip "Terry and the Pirates."

First Flight At 110

BRYAN, Tex. (P)—Confederate Walter Williams, who was 60 years old when the airplane was invented, took his first ride in a flying machine Thursday at the age of 110.

The oldest of the nation's five Civil War veterans said the flight fulfilled a dream of 25 years.

Bartlett Show Is Being Offered In 34 Towns In 1953; Here On August 16

Manistique is one of 34 towns in which the Tommy Bartlett Florida Water Ski and Jumping Boat Thrill Show will be presented this year, it is reported by Everett Anderson, general chairman of the VFW Water Festival committee.

Almost two million persons are expected to see the show during the 1953 season. Last year it was witnessed by a million and half people in 28 communities.

Included in the show are 12 performers, four boats, a high-jumping ramp, and four vehicles. Bartlett conceived the show a few years ago while watching group of Florida youngsters bouncing across the waves on water skis, and was struck by the idea that thousands of people in his own middlewest would enjoy watching

Report Boost In Penal Fines

Penal fines collected in Manistique justice court during the past year and distributed to school libraries throughout the county were more than double the amount taken in the previous year, it is reported by Laura A. Williams, county treasurer.

Collections for the year ending June 30, 1953, amounted to \$4,865.45. Previous year's collections totaled only \$2,359.25, less than the amount the Manistique public library alone received from the past fiscal year's collection.

Reason for the increase, it is reported, is fines assessed against truckers for overloads under a new state law which went into effect early last fall.

Penal fines distributed to the county's nine school districts for library purposes follow:

Doyle, \$330.44; Germfask, \$400.23; Hiawatha, \$303.51; Inwood, \$385.42; Manistique, \$344.47; Mueller, \$210.46; Seney, \$163.86; Thompson, \$107.99; city of Manistique schools, \$2,618.96.

The fund is allocated to the various districts on the basis of student population.

Former Engadine Girl, Lansing Man Are Wedded

At a ceremony performed Saturday, July 11, Miss Rita Marguerite Houck, of Lansing, daughter of Mr. and Mrs. Earl Houck, of Engadine, became the bride of Bernard James Pollack, of Lansing, son of Mr. and Mrs. Leonard J. Pollack, of Oshkosh, Wis. The ceremony was performed in Our Lady of Lourdes Church in Engadine at 9 a. m., with the Rev. Joseph Kichak officiating.

Music for the ceremony was played by Miss Emmet Vallier. The church was decorated with gladioli and peonies.

The bride's gown was fashioned of nylon tulle and handrun lace worn over satin. The fitted bodice featured long nylon tulle sleeves pointed over the wrists, and a froufrou of lace with scalloped edges. The full skirt of tulle was floor length and extended back into a wide chapel length train. Her fingertip veil of French silk illusion was secured by a satin triangle embroidered in seed pearls.

Miss Anna Rose Houck was maid of honor. She wore a jonquil yellow nylon tulle gown with a wide off-the-shoulder neckline of crushed tulle caught by rhinestones. The bouffant tulie skirts were floorlength. Her headpiece was of matching yellow daisies and velvet cording. Miss Patricia Houck and Miss Agnes Legault were bridesmaids. They wore matching frocks and headpieces in cerulean blue nylon tulle. Joyce Link was flower girl and she wore a puckered white nylon gown. She carried a basket of snapdragons.

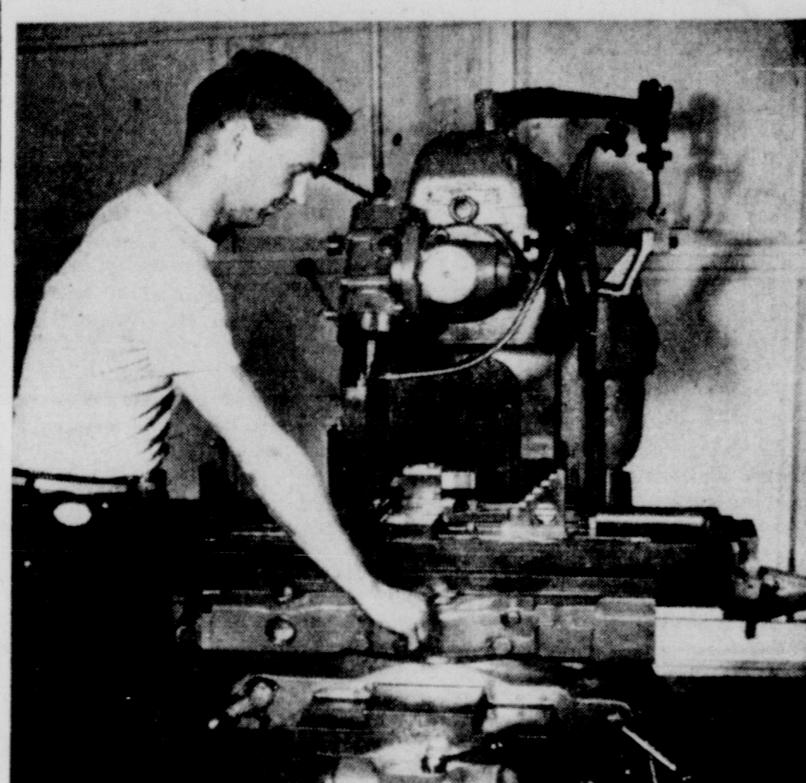

John Best was best man. Robert Norman and Joseph Link were groomsmen and Lawrence Link and Ted Link seated the guests. Louis Link was ring bearer. He was dressed in a white linen suit with black bow tie and carried a white satin pillow with streamers.

Mrs. Houck attended her daughter's wedding in an aqua and white print dress. Both mothers wore corsages of pink carnations.

Following the ceremony a reception for 150 guests was held at the home of Mr. and Mrs. Earl Houck. The couple left later on a wedding trip through Wisconsin. They will make their home in Lansing.

The bride is a graduate of Engadine high school. The bridegroom is a graduate of Oshkosh High School and of Gale Institute in Minneapolis.

Out-of-town guests attending were Mrs. William Andrews, Mr. and Mrs. Leo Bader and Harold N. of Detroit; Irene Houck and Mary Broman, of North Chicago; Mrs. James G. Best, of Chicago; Mr. and Mrs. George and family, of Milwaukee; Mr. Robert Norman, Mr. and Mrs. Lawrence Schmidt and Mr. and Mrs. Janawak, of Oshkosh.

this brand new sport — water skiing.

The troupe includes national and international water ski champions. They will present two performances here during the annual VFW Water Festival on Sunday, Aug. 16, each performance lasting nearly two hours.

Hold Child Study Meet This Week

Several Schoolcraft County PTA members are expected to be present for all or part of a two-day summer conference on child development scheduled at Marquette Wednesday and Thursday, July 22 and 23, it is announced by Mrs. L. E. Wilson, Manistique, district PTA director.

The conference is sponsored by Northern Michigan College of Education, Michigan Department of Public Instruction and Michigan Congress of Parents and Teachers. Conference theme is "Growing Up With Our Children," and it is the first assembly of its type designed to acquaint Upper Peninsula parents and lawworkers with some of the more recent thinking concerning child growth and development.

Some of the speakers will be Dr. Willard Olson, dean of the school of education, University of Michigan; Miss Mary E. Courtney, formerly assistant superintendent of Chicago public schools, and Henry Pontiz, chief of the division of adult education, Michigan Department of Public Instruction.

Scheduled between 9:30 and 10 a. m., Thursday are a series of study groups in which conference members will participate.

City Briefs

Mr. and Mrs. Marvin Anderson, 431 Walnut St., are the parents of a son born July 16 at the Schoolcraft Memorial Hospital. The infant weighed 6 pounds and 2 ounces.

Mr. and Mrs. Ed Hull, and daughter, Joanne, of Chicago, have returned to their home after visiting here for the past 10 days with Mr. and Mrs. Gus Hahn, Arbutus Ave.

A daughter, weighing 6 pounds and 14 ounces, was born July 16 to Mr. and Mrs. Russell Vandervell, 5th St., at the Schoolcraft Memorial Hospital.

Mrs. Daisy Watson, of Walled Lake, has arrived to spend two weeks with Mr. and Mrs. John M. Hewitt.

Briefly Told

Prayer Circle—The Prayer Circle of the First Methodist Church will meet in the church Tuesday at 7:30 p. m.

Woman Stores Live Ammunition In Vault

BOSTON (AP)—A miniature ammunition depot was discovered Friday in a safe deposit vault at the State Street Trust Company.

Bank officials, instructed to open the vault of a woman who died recently, found two cases of live ammunition of World War I nomenclature.

The cases contained rifle cartridges, grenades, heavy weapon primers, parachute flares, gas masks and barbed wire.

Bank officials said the woman served as a field worker in France for an organization in 1918.

Bookmobile Burns

MIDVALE, Utah (AP)—Salt Lake County's bookmobile—a traveling library mounted on a truck—is out of commission because of a 12-year-old "book burner."

Ralph Voyce, driver of the mobile unit, reported that at one of his stops the boy saw a puddle on the ground beneath the vehicle and decided to find out—with the aid of a match—if the liquid was gasoline.

John Best was best man. Robert Norman and Joseph Link were groomsmen and Lawrence Link and Ted Link seated the guests. Louis Link was ring bearer. He was dressed in a white linen suit with black bow tie and carried a white satin pillow with streamers.

Mrs. Houck attended her daughter's wedding in an aqua and white print dress. Both mothers wore corsages of pink carnations.

Following the ceremony a reception for 150 guests was held at the home of Mr. and Mrs. Earl Houck. The couple left later on a wedding trip through Wisconsin. They will make their home in Lansing.

The bride is a graduate of Engadine high school. The bridegroom is a graduate of Oshkosh High School and of Gale Institute in Minneapolis.

Out-of-town guests attending were Mrs. William Andrews, Mr. and Mrs. Leo Bader and Harold N. of Detroit; Irene Houck and Mary Broman, of North Chicago; Mrs. James G. Best, of Chicago; Mr. and Mrs. George and family, of Milwaukee; Mr. Robert Norman, Mr. and Mrs. Lawrence Schmidt and Mr. and Mrs. Janawak, of Oshkosh.

Donkey Softball To Be Played Wednesday

The donkey softball scene above will be repeated here Wednesday night when the White Birch and Bungalow teams meet in the comedy game of the year at 8:45. The Dells and White Birch tangle in the preliminary at 7:15.

The donkey game has proved successful in the past and a large crowd is expected to attend Wednesday night. A similar game was played last week in Gladstone.

All players in the game except the pitcher and catcher are provided with a donkey to ride, according to advance billing. The pitcher and catcher remain on the base and the player must be on the donkey and have the ball in his hand before the runner arrives at the base in order to make the putout. The player, not the donkey, must be tagged for the out.

There will be nine players on each team, three outs to each half inning and the game will be about an hour long.

Softball

Monday—Little League All-Stars vs. Escanaba Cubs at 6:30; Harnischfeger vs. White Birch at 8:45; Neisners vs. West Birch at 10:45.

Game of the Week—Merchants vs. Paper Mill on Thursday night.

U.P. Oldtimers Golf Tourney Here Aug. 1

Bobby Jones calls his tournament in Augusta, Ga., the Masters' Tournament!

Escanaba Highland Golf Club officials planning for the U. P. Oldtimers' Golf Meet here Aug. 1 could well call their links event the Old Masters' Tournament.

Another Texan In Golf Field

ST. PAUL, Minn. (AP)—The golfing wizards from Texas today welcomed into the clan tawny-haired Shelley Mayfield, winner Sunday of the \$15,000 St. Paul Open.

Mayfield will have to cover a lot of ground to reach the stature of the Hogans, Nelsons and Demarets but his 19 under par 269 in the St. Paul tournament gave him a solid takeoff point.

Mayfield, 29, flashed home to the \$2,400 first prize money against a field dotted with veterans.

Dutch Harrison, of Ardmore, Okla., battled him down to the wire but never quite bridged the gap. He finished at 271, two strokes back.

Freddie Haas, of New Orleans, the second and third round leader, wilted to a 72 with three straight over-par holes halfway through the round. That gave him a fifth place, 274 behind Sammy Snead, at 272, and Marty Furgol at 273.

Tiger Tales

DETROIT (AP)—Overheard in Briggs Stadium:

Tiger coach Rick Ferrell takes full blame for the Tigers not sweeping a doubleheader Sunday . . . In the ninth inning of the nightcap, Freddie Hatfield rounded third too far on a hit by Harvey Kuenn and was thrown out trying to scramble back to the base.

That run could have given the Tigers a 9-8 victory as Ray Boone hit a home run a few moments later . . . It looked as though Hatfield was at fault for overrunning the base but Ferrell, who has been in the majors almost 25 years, said he was the one who blundered.

"I held him up too late," Ferrell said. "I thought the ball was going to squirt through the right fielder's glove."

Walt Dropo, who is being roundly booted, hit a two-run homer in the eighth inning of the opener . . . It was his first since June 21 and only the second in Briggs Stadium, supposedly a haven for home run hitters . . .

Long Time Between Wins For Surkont

NEW YORK (AP)—It was a long time between victories for Max Surkont, Milwaukee Braves' right-hander.

The 31-year-old veteran won his 10th game of the year in Sunday's afterpiece against the New York Giants.

He won his ninth on June 16, a 3-2 decision over the Philadelphia Phillies.

Boddy Hurls Two Wins For Perronville In Tri County

Results Yesterday
Perronville 8-8, Daggett 0-1.
Bark River 13, Hermansville 1.
Powers 2, Carney-Nadeau 0.
Foster City 7, Wallace 6.

Perronville's stock in the Tri County baseball league rose considerably with a pair of victories posted over Daggett Sunday afternoon.

Southpaw hurler Fred Boddy coppered both ends of the seven-inning twin games. Perronville blanked Daggett 8-0 in the first and ran up an 8-1 victory in the second.

Boddy allowed four hits in the opener while fanning 10 and came back with a three-hitter in the windup and whiffed 11. Bud Klein opposed him in both games. He gave up 10 hits in the first and was smacked for 18 safeties in the second.

The Bartoszek brothers, Flolian and Francis, paced Perronville at the plate with six hits in 10 trips

each for the two games. Florian belted a homer in the first game. Dick Shepherd homered for Perronville in the windup.

The double win gives Perronville a record of five victories against six losses for the season.

Manager Joe Rademacher's Bark River Barks notched their 10th straight victory by downing Hermansville 13-1. Rademacher and Ernie LaChapelle limited Hermansville to three hits while Hermansville run came in the fifth inning.

Kwarciany Homers

A homer with one on by Dale Kwarciany in the first inning was enough for Bark River. But the Barks clouted two Hermansville chucks for 13 hits to score four in the first, four in the second, one in the fourth, three in the fifth and another in the eighth. The lone Hermansville run came in the fifth inning.

Don Paulin, Bark River first baseman, led his mates at the

Hyde Upsets Merchants With 4-3 Softball Win

Hyde turned in its second straight upset victory in the American League softball race last night by tripping the Merchants 4-3. Last week Hyde knocked off league leading Harnischfeger.

Hyde scored the clincher in the seventh to break a 3-3 tie. Steve Brayak hit a bases-loaded single to score Tom Brayak with the

wining run in the last half of the inning.

The Merchants took a 1-0 lead in the first inning but Hyde scored twice on triple by Harold Derouin in the fourth. Steve Brayak and Ken Olson, who were on with singles, scored. Each team added a run in the fifth and the Merchants tied it up in the sixth.

Tom Brayak went the route for the winners, allowing 11 hits. Bob Dufour led the attack for the Merchants with three singles. Ed Gauthier contributed a triple and a single.

Louie Kositzke went all the way for the Merchants and allowed 10 hits.

Saturday night the Merchants won a pair of games at Ishpeming, defeating Holmgren Motors 8-4 and Roosevelt Bar 1-0 in a game cut to five innings because of heavy fog.

Tom Brayak pitched the win in the open and Pat Moran had a one-hitter going in the nightcap.

Yankees Turn Back Bid By Chicago White Sox

By JACK HAND
AP Sports Writer

Ed Lopat and Vic Raschi, a couple of seasoned veterans who count World Series pay as regular income, have straightened out the New York Yankees.

For the first time in weeks, there is no frantic pattering of pursuit. Chicago, whipped twice Sunday, is six games back. Cleveland's disastrous collapse has dumped the Indians into fourth place, 11 games behind. Boston, working on a six-game winning streak, is third but still a distant 10½ games to the rear.

There is no change in the National League pattern after three split double-headers with Brooklyn still holding a three-game lead over Milwaukee. Philadelphia remains third, six games behind the Dodgers and the New York Giants, who took over fourth place Saturday, hold a one percentage point edge on St. Louis.

Break Rookie's Streak

Big news of the day in the National was that somebody finally scored a run on Allan Worthington, the Giants rookie hotshot. Milwaukee broke the right-hander's scoreless string after 19 2-3 innings and beat him 2-1 in the second game of a double-header, called after five innings because of darkness. New York had won the first game 7-5 on Hank Thompson's two-run homer in the ninth.

The story in the American League was the twin job the Yanks

did on the White Sox 6-2 and 3-0 before 54,215, an all-time Comiskey Park record crowd. Lopat copped the first to boost his season record to 10-1 on an eight-hitter. Mickey Mantle's second double keyed a four-run rally in the ninth. Raschi held the Sox to two hits, ending Sam Mele's 22-game hitting streak in the second. Hank Bauer's second-inning homer off Billy Pierce gave Vic all the lead he needed.

McDermott Is Star

The upstart Boston Red Sox rolled over Cleveland 2-0 and 7-5. Maury McDermott gave the Tribe only one hit in eight innings of the first game. Al Smith's single. When he threw two balls to the first batter in the ninth, Manager Lou Boudreau called for Ellis Kinder to finish the job in 1-2-3 order.

George Kell's three-run homer in the eighth wrapped up the second game.

Ralph Branca, whose famous Brooklyn home run ball never will be forgotten, won his first American League game for Detroit 13-3 over Philadelphia. The Tigers and A's settled for an 8-8 tie in the second, called after 11 innings because of darkness. Ray Boone hit two big homers—a grand slam in the opener and a three-run clout with two out in the ninth to tie up the second.

Washington turned five walks and seven hits into 11 runs in the third and fourth innings to grab the second game from St. Louis 13-4 after dropping the first 5-4. Roy Sievers

and Les Moss hit homers for the Browns' victory. Keith Thomas and Clyde Vollmer for the Nats.

Dodgers Stage Rally

Brooklyn had to come from behind with five runs in the eighth and then stave off a Cincinnati rally to get an even break with the troublesome Reds. Cincy won the first game 4-1 with Ted Kluszewski's 27th and 28th homers for a new Cincinnati team home run high of 112. Fred Baczewski, ex-Chicago Cub, tamed the Dodgers with five hits.

The Dodgers were helped by two costly throwing errors by Roy McMillan and Bobby Adams as they scored five in the eighth inning to the first batter in the ninth, Manager Lou Erskine, fifth Brooklyn pitcher, snuffed out a Cincy rally by retiring two men with the bases loaded in the ninth.

The Dodgers were helped by two costly throwing errors by Roy McMillan and Bobby Adams as they scored five in the eighth inning to the first batter in the ninth, Manager Lou Erskine, fifth Brooklyn pitcher, snuffed out a Cincy rally by retiring two men with the bases loaded in the ninth.

St. Louis won one game at Pittsburgh 8-2 and trailed 6-4 with one out in the Cardinal half of the sixth when the curfew law intervened. That goes as "suspended game" to be completed from the point of interruption before today's single game. Stan Musial knocked in three runs with a double and his 11th homer.

Philadelphia came up with three in the ninth to top the Chicago Cubs 6-5 after losing the opener 5-3 on home runs by Dee Fondy and Hal Jeffcoat. Willie Jones' single drove home the winning run in the ninth-inning spurt.

By Walt Ditzel

Fan Fare

8-8 tie in the second game, called after 11 innings by darkness.

Horners Help

Fred Hutchinson, Tiger skipper, thinks Branca should do well with his club.

27 Years Old

"I see no reason why he can't be a big winner for us," said Hutch. "He's an intelligent, level-headed fellow who seems to have all the equipment of a good pitcher. Youth is on his side—he's only 27. The rest is up to him."

Branca, 21-game winner in 1947, pitched only 11 innings for Brooklyn this year. Detroit picked him up at the waiver price.

He lost his first start to St. Louis last Sunday, 3-2, but pitched good ball for Detroit after serving up two homers in the first frame.

The Tigers and A's battled to an

8-8 tie in the second game, called after 11 innings by darkness.

Boone Help

Tiger home run bats made it easy for Branca in the opener. Ray Boone hit a grand-slam homer, Don Lund an inside-the-park, three-run homer and Walt Dropo a two-run homer. The Tigers scored five runs in the sixth inning and eight in the eighth.

In the nightcap, Boone hit his second homer of the day—and it topped his first one for dramatics. It came with two on in the ninth inning and knotted the score, 8-8.

The teams battled two extra innings without a score and the umps finally called the 3-14 game as a gathering gloom enveloped the field.

isn't going to let them get down." Richards and his players were disappointed over the double loss but were by no means despairing. "We've got a longer way to go," philosophized the tall manager of the Sox, "and we'll just have to get at it."

Were 13 Games Out

He pointed out that at one time the sox were 13 games off the Yankee pace and that in his opinion they were capable of moving up again.

"We're a good solid ball club and I'm confident we'll hold up through the stretch. The question is, can the Yankees?"

The four-time world's champions showed no indication of wear and tear in Sunday's triumph, witnessed by the largest crowd ever assembled in Comiskey Park, 54,215.

Lopat, 35-year-old southpaw, and Raschi, his 34-year-old righthanded running mate, looked powerful as ever.

The only thrills for the huge partisan throng were Sam Mele's single, triple and homer off Lopat in the first game.

Otherwise, the Yanks were the whole show.

Both teams were idle today.

"I've said all along that the White Sox are the team to beat," declared Casey. "And I still say it."

"You can't forget about them. They're going to keep playing good ball because that guy (Richards)

Parking Car On Walk Is Illegal

Parking on sidewalks is the latest traffic offense which City Police are attempting to lessen or eliminate entirely, Police Chief Torval Kallerson announces.

Wheels of a car may not legally rest on any portion of a sidewalk, Chief Kallerson points out.

The practice is not only annoying to pedestrians for whose use the walks were constructed but repeated parking or running up on the walk sometimes causes damage to the large number of court summons were issued for this traffic violation and the drive will continue, Chief Kallerson said.

Prize Awaits Party Who Can Legalize Charity Bingo Game

By JACK L. GREEN

LANSING (AP)—The fellow who can figure out a way to legalize "charity bingo" without opening the door to commercialized gambling can claim some sort of a prize in Michigan this year.

State officials and legislators, aware that many persons regard charity bingo with approval, have wrestled with the problem many times before, but never have achieved a satisfactory answer.

Now, on the heels of a bingo crackdown in a number of counties, several civic groups are talking about a campaign to legalize bingo, beano, feather parties, church raffles and such like.

Tied Up With Lotteries

Their first move, of course, must be to repeat or change the state constitutional provision making lotteries illegal. The State Supreme Court has ruled that bingo, etc., is a lottery.

The moment they begin to tackle the lottery provision they run up against a nice problem of legal semantics.

Are you going to repeal it outright? Then you pave the way, possibly, for the legalization of such big scale lotteries as the Irish Sweepstakes, or the myriad of little state lotteries so common in Latin America.

Can you draw a new constitutional provision which will ban

Man With No Passport Ends His 10th Month On Hong Kong Ferry

HONG KONG (AP)—Michael Patrick O'Brien, the man without a passport, Thursday ended his 10th month aboard the Hong Kong-Macao ferry, still in the brig.

O'Brien, who says he is an American and his real name is Steve Ragan, came out of Communist Shanghai last summer on a set of Red Cross papers which the Chinese had recognized.

Portuguese Macao would not accept them without a passport and permitted him to enter only on condition he leave for Hong Kong immediately.

At Hong Kong, the British refused to permit O'Brien to debark without a passport, so he began his forced, unending shuttle trip over the 40-mile daily route of the ferry Lee Hong.

The 57-year-old Marine engineer, bartender and restaurateur kept in an argument with the skipper in March and was ordered to the brig, a particularly hot, stuffy place at this time of year.

Prints Bare Past

BALTIMORE (AP)—For 10 years 43-year-old William Ealy had lived quietly in Baltimore, acquiring property and attending a church where he acted as part time lay minister.

Recently he applied for a job with the United States Public Health Service hospital here and was fingerprinted as a matter of course.

Thursday Ealy was held in \$2,000 bail for an extradition hearing on charges that he escaped from a North Carolina road gang 18 years ago.

Snowball Disappears

PHOENIX, Ariz. (AP)—With the mercury above the century mark, a woman reported to police her dog ran away while she was walking him.

The woman said the dog answers to the name of Snowball.

MICHIGAN'S TINIEST — This is the first photograph of Baby Jeanne Phillips, who is believed to be the smallest child ever born in Michigan. She weighed one pound two ounces at birth July 7 and now has gained five ounces and is nine inches long. The incubator baby is the fourth child of Mr. and Mrs. Arthur Phillips of Owosso. The other children were born normally hefty. (NEA Telephoto)

Government Collects 69½ Billion Taxes But Can't Make Ends Meet

WASHINGTON (AP)—The federal government collected \$69,595,916,968.36 in taxes in the fiscal year which ended June 30 — more than ever before in peace or war, but not enough to make ends meet.

The official report of the Bureau of Internal Revenue on the tax take in fiscal 1953, disclosed that:

1. Total federal revenues were \$4,586,331,408.71 higher than in the previous year. This was equivalent to \$436 from every American.

2. There had been some faulty guesswork in the advance estimates of revenues under the post-Korean tax increases.

Former President Truman's budget message of January, 1952, for instance, forecast \$27,800,000,000 of collections from corporations. This was \$6,300,000,000 too high.

Actual collections on corporate income and excess profits taxes were reported by the bureau as \$21,548,315,834.45. That 29 per cent over-estimate was offset in part by a mis-guess on individual income taxes.

A statewide ban would hurt the nice folks and the good purposes as well as the bad guys. The state would prefer to wink at the "charity" games and crack down on the commercial ones.

low on personal income taxes and 2 billion dollars too high on corporation payments.

Federal spending ran behind the advance estimates also, but the disappointing returns from corporation levies contributed much to the record-breaking peacetime deficit of \$9,400,000,000 which Secretary of the Treasury Humphrey announced on July 1.

Personal income tax collections in the fiscal year just closed soared above fiscal 1952 by \$3,471,108,148.40.

The corporation levies, both regular income and excess profits taxes, gained only \$81,405,815.12 from the previous year.

But miscellaneous internal revenue — which includes estate, gift, alcohol, tobacco, gasoline and other excise taxes — rose by more than a billion dollars. They totaled \$10,286,257.50.

Radio Tower Falls

NEW YORK (AP)—A 212-foot steel radio relay tower, erected on pilings into the East River, toppled onto the Queens shore Wednesday night and crashed within eight feet of a playground where 200 children were frolicking.

Five persons—in autos or walking nearby—were injured, none seriously. Cause of the collapse was not determined.

Look at a Kaiser this way...

You'll see why...from every angle
...it's America's best all-around value.

Finer engineering! You're looking at America's strongest-braced chassis...with five steel cross girders, plus X-member. Its hypoid-gear rear axle and 100% counter-balanced crankshaft are examples of engineering found in most expensive cars!

How do you judge a car?

Kaiser owners say if you measure Kaiser against any other medium-price car, you'll find Kaiser's so far ahead...in everything...there's no comparison!

For Kaiser gives you all the luxury styling, roominess and riding comfort of an expensive car.

Yet it delivers the economy of a lowest-priced car...up to 24.9 miles a gallon with Hydra-Matic!

Plus performance that takes your breath away.

And safety that no other car can match!

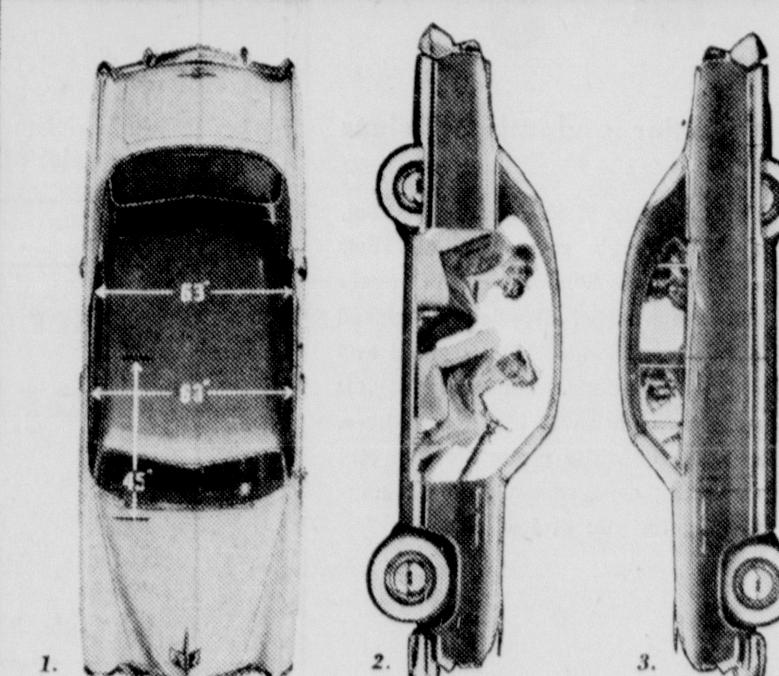

All this adds up to the greatest value on the road! Value that's increasing every day as Kaiser's vast \$62,000,000 expansion program rolls into high gear.

So if you plan to spend \$2,000 or more for a new car...see your Kaiser dealer now! He's offering exceptionally generous "trade-in" deals today!

Choice of Standard, Overdrive* or Hydra-Matic* drives, plus new—lowest cost—Kaiser Power Steering*

Listen to "Lowell Thomas and the News", Monday thru Friday, CBS Network. Sponsored by your Kaiser dealer.

*optional at extra cost

1. Roomier comfort! Kaiser's seat width (63") and front leg room (45") are greater than in three of the most expensive cars!
2. Smoother ride! Kaiser holds you snug to the road with lowest center of gravity of any standard American sedan!
3. Smarter styling! Kaiser's European styling and color-style interiors are beyond compare in the medium-price class!

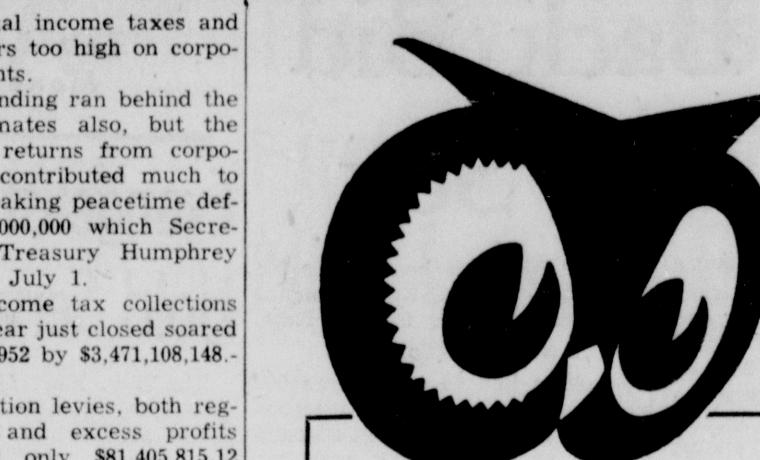

Drive the Kaiser...America's most beautiful car...winner of 14 international awards
